STATEMENT OF OBJECTS AND REASONS.

This Bill is the outcome of section 66 of the Government of India Act as amended by the Government of India (Indian Navy) Act, 1927. Although the Royal Indian Marine has already been re-organised as a combatant force, it cannot be given the full status of a Navy until it has been brought under naval discipline.

2. Section 66 of the Government of India Act empowers the Indian Legislature to apply the British Naval Discipline Act to the naval forces raised by the Governor General in Council. The self-governing Dominions have already applied the Act to the naval forces raised and maintained by them, and India is thus in a position to apply to her naval forces the same code of discipline as that in force in the British, Canadian and Australian Navies. Section 66 further empowers the Indian Legislature, in applying the Naval Discipline Act to the forces and ships raised and provided by the Governor General in Council, to make such modifications and adaptations in the Act as it may think fit in order to adapt the Act to the circumstances of India, " including such adaptations as may be so made for the purpose of authorising or requiring anything which under the said Act is to be done by or to the Admiralty or the Secretary of the Admiralty, to be done by or to the Governor General in Council or by or to such person as may be vested with the authority by the Governor General in Council ". The Bill contains the changes in the Naval Discipline Act that appear necessary to carry out this object and render its provisions suitable to Indian conditions. It also provides for the discipline of the members of the Volunteer Reserve, at present provided for by the Indian Marine (Amendment) Act (No. I of 1933), which will be repealed with the passing of the present Bill.

SIMLA;
The 18th August, 1933.

NOTES ON CLAUSES.

Clause 2 (b).—This will give the Indian Navy its statutory title.

Clause 3, sub-clauses (2) to (6).—These provide, wherever necessary, for the performance by the Governor General in Council or by officials of the Government of India of functions which, under the English Act, are performed by the Admiralty or other departments of His Majesty's Government or by officials of the British Government; and also for the substitution in certain places of " British India " for " the United Kingdom " or similar phrases.

Sub-clause (7).—The provision in the English Act for the performance of religious duties is unsuitable to a force composed largely of persons who are not Christians.

Sub-clauses (8) to (12) and (15) to (21).—These make the necessary verbal alterations in those portions of the English Act which deal with the administration and procedure of English criminal law, and bring them into conformity with the phraseology of the Indian Codes (Indian Penal Code and Criminal Procedure Code); and also substitute Indian for English currency where necessary.

Sub-clause (13).—The English Act differentiates between the powers of the Admiralty and of Admirals Commanding-in-Chief on foreign stations to impose the punishment of forfeiture of seniority. For the Indian Navy it is unnecessary to retain this differentiation and these powers are, therefore, conferred upon the Governor General in Council alone.

Sub-clause (14).—This confers on the Governor General in Council the power to modify, as may be necessary to suit Indian conditions, the general orders issued by the Admiralty from time to time regulating the procedure and practice of courts-martial.

Sub-clauses (22) and (23).—These sub-clauses provide for the discipline of the Volunteer Reserve.

Sub-clause (24).—This sub-clause is complementary to section 90B of the English Act, and is a necessary addition to that Act in applying it to the Indian Navy.

Sub-clause (25).—Section 98A of the English Act contains elaborate provisions relating to the recovery of maintenance for wives and children. These provisions seem unsuited to the varied conditions of marriage law in India, where, moreover, a summary mode of obtaining maintenance already exists in Chapter 36 of the Criminal Procedure Code. Section 98A has, therefore, been omitted.

Forecast of the Winter Til (Sesamum) Crop of Bengal, 1933-34.

Dacca, the 20th December 1933.

(*Note.*—On an average of the five years ending 1931-32, the area under *til* in Bengal has represented some 2·5 per cent. of the total area under *til* in British India.)

Character of the season.—In the important districts of Chittagong Hill Tracts, Dacca, Mymensingh, Bankura and Pabna where more than three-fourths of the crop is grown, the weather was, on the whole, fairly favourable. Elsewhere a fair crop is expected.

Acreage.—The total area sown with the crop this year is estimated at 50,600 acres as against 50,800 acres last year.

Outturn.—According to District Officers' estimate, the outturn of the crop for the province, as a whole, works out at 86 per cent. of the normal as against 83 per cent. last year. Taking 7 2/5ths maunds as a normal rate of yield per acre, the gross outturn for the province is estimated at 11,800 tons this year as against 11,500 tons last year.

WHEREAS it is expedient to amend the Bengal Alluvial Lands Act, 1920, in the manner hereinafter appearing ; Ben. Act V of 1920.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act ; 5 & 6 Geo. V. c. 61 ; 6 & 7 Geo. V. c. 37 ; 9 & 10 Geo. V. c. 101.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Alluvial Lands (Amendment) Act, 1933.

Amendment of section 3 of Bengal Act V of 1920.

2. In section 3 of the Bengal Alluvial Lands Act, 1920 (hereinafter referred to as the said Act),—

(*1*) after sub-section (*1*) the following sub-section shall be inserted, namely :—

" (*1a*) Where such land is situated within the limits of more than one district, or it is doubtful within the limits of which district or districts such land is situated any Collector who considers that any portion of such land is situated within the limits of his district may attach the whole of such land. If, after attachment, such land or any portion thereof is found to be situated within any other district or is transferred to another district, the attachment shall continue to be valid but the Collector who attached the land may either transfer the case, in respect of the whole or any portion of the attached land, for disposal to the Collector of any such other district or may himself continue the proceedings under the provisions of this Act. The Collector to whom a case is transferred for disposal under this sub-section shall be deemed, for the purposes of this Act, to have attached the land under this section " ;

(*2*) in sub-section (*2*)—

(*i*) after the word, figure and brackets " sub-section (*1*)," the words, figure, letter and brackets " or sub-section (*1a*) " shall be inserted,

(*ii*) to the said sub-section the following words shall be added, namely :—

The Bengal Alluvial Lands (Amendment) Bill, 1933.

(Clause 3.)

(*4*) after sub-section (*3*) the following sub-sections shall be inserted, namely :—

" (*4*) When an order of attachment of any alluvial land is cancelled under sub-section (*3*), the Collector shall issue a notice in the prescribed manner inviting claims to the net receipts from the land during attachment. If the Collector is satisfied that there is no dispute as to the claim to the net receipts he may order the payment of such receipts to the persons claiming the same. The net receipts shall be calculated by deducting from the gross receipts the costs incurred under this section, and under section 4, sub-section (*1*), section 4A, sub-section (*1*), and the cost of preparation of the reference to be made under section 5, sub-section (*1*), if any.

(*5*) In estimating for the purposes of sub-section (*4*), section 5, and section 7 the costs incurred under this section, the following costs shall be included in the cost of management, namely :—

If any of the aforesaid claimants is not a proprietor of such estate, he shall also mention in the statement the name of the landlord under whom he holds the land, the area and the rent of his tenancy and such other particulars as may be necessary to identify the land.

If the land is included in a map or record-of-rights as finally published under Chapter X of the Bengal Tenancy Act, 1885, the claimant shall also mention the particulars of the *khatians* and plot numbers necessary to identify the land in the settlement record. VIII of 1885.

(*2*) On receipt of a statement of claim referred to in sub-section (*1*) the Collector, after obtaining from the claimant such further information as he considers necessary, shall, if he is satisfied that the claim is *bona fide*, enter the name of the claimant in the list of claimants. If any part of the attached land is claimed by Government, the Collector shall include Government in the said list of claimants.

(*3*) An application for inclusion in the list of claimants by a person with whom any of the land has been settled or resettled during the period of attachment shall not be considered unless it alleges a title independent of such settlement or re-settlement."

(*3*) after sub-section (*1*) the following sub-section shall be inserted, namely :—

"(*1a*) In making such reference the Collector shall advance the court-fees payable under the Court-fees Act, 1870, on a plaint in a suit for determination of title to land and such process-fees as may be required for service of notices on the parties to the reference. The Collector may make such advance from the balance of the receipts at credit in his accounts of the attached land, or if this is not practicable, may at any time recover such advance or any part thereof from such balance " ; VII of 1870.

(*4*) in the second paragraph of sub-section (*2*),—

(*i*) the words "and shall also issue general notices calling upon all other persons claiming interest in the land ", shall be omitted ;

(*ii*) after the words "respective claims" the following words shall be inserted, namely :—

(*6*) If the costs referred to in sub-section (*4*) exceed the gross receipts the Court shall decide by whom and in what proportions the amount of such excess shall be payable, and such amount shall be recoverable by the Collector, in accordance with the decision of the Court, from the persons liable, as arrears of a public demand.

(*7*) The person entitled to the net receipts may apply to the Court for the recovery from the persons liable of any amount deducted from the gross receipts in excess of the account, so deducted, for which he is himself liable. If Government are entitled to the net receipts or to any part thereof the Collector may recover as arrears of a public demand any amount due to Government or may apply to the Court for the recovery of the same.

(*8*) A reference made under sub-section (*1*) shall not be dismissed for default but the said Court shall decide the same after taking the evidence of such of the claimants mentioned by Collector in the order of reference or added by the Court under sub-section (*2*) of section 5 as it may think necessary."

(*3b*) to regulate the issue of notices prescribed under section 3, sub-section (*4*), or under section 4A, sub-section (*1*) ;"

(*2*) clause (*5*) shall be omitted ;

(*3*) in clause (*6*), the word "and" at the end of this clause shall be omitted ;

(*4*) after clause (*6*) the following clause shall be inserted, namely :—

"(*6a*) to provide for the creation of an Alluvial Lands Dispute Fund in any district and the administration of the same ; and".

STATEMENT OF OBJECTS AND REASONS.

The Bill is mainly intended to remove certain practical difficulties which have been experienced in the administration of the existing Act. The Act does not provide clearly for the procedure to be followed where an alluvial formation, which has been attached by the Collector of one district, is subsequently found on survey to belong to a neighbouring district or is transferred to a neighbouring district, for instance as a result of a change in the course of the main-stream, while the proceedings are pending. A further defect is that no definite principle has been laid down as regards the persons who may be parties to the reference to the Civil Court. Under the existing Act any person claiming any right to the land however vague or unfounded and a person who cannot claim any title to the land can insist on being made a party. Further, the Act does not fix any time limit within which such claim must be made. The result is that the number of parties tends to become unnecessarily large and great difficulties arise in expeditious disposal of references. The amending Bill, by insisting on the principle contained in section 5 of the existing Act, provides that only those persons who can show during the Collector's inquiry that they have a *bonâ fide* claim of title to the land will have a right to be made parties.

It has also been brought to notice that in many cases the parties are willing to compromise on the basis of the survey made by the Collector after attachment and before a reference is made to the Civil Court. The present Act provides that the Collector may release the land if the dispute is settled, but it does not lay down a suitable procedure for disposal of the surplus profits in such cases. If the procedure contained in the Bill is adopted, it is expected that many cases will be compromised as soon as survey has been finished and without any reference to the Civil Court. This is in accordance with the original intention of the framers of the existing Act and will make it more effective and expeditious. Most of the disputes are due merely to the difficulty of identifying land in large alluvial tracts.

The Bill contains certain other amendments the object of which is to provide for the assessment and recovery of the costs of management during attachment and the costs incidental to the proceedings. The Bill also provides that the Civil Court shall not dismiss a reference for default but shall proceed to dispose of the claims in the manner indicated in clause (*4*)(*8*). This will prevent unnecessary prolongation of the period of attachment and protraction of the litigation.

Member-in-charge.

CALCUTTA :
The 20th December, 1933.

NOTES ON CLAUSES.

Clause 2, sub-clause (1).—These provisions are desirable because it is necessary to attach the land immediately when a breach of peace is apprehended or has taken place. It is not possible therefore to survey the land before attachment. Further, cases occur in which land has to be transferred from one district to another while the proceedings are pending, for instance owing to the change in course of the main stream, if the boundary follows the main stream.

Clause 2, sub-clause (2) (ii).—The settlement will be limited to one year at a time so that it may be terminated without unnecessary delay on disposal of the case. *Salami* should not be charged since the tenant cannot acquire any right in the land for a period exceeding one year in the virtue of settlement made with him under this section.

Clause 2, sub-clause (3) (ii).—This is to make clear that a portion of the land can be released if there is no dispute.

Clause 2, sub-clauses (4) and (5) (c) and clause 3.—Under section 5 of the Act the point for decision by the Civil Court is what person has title to the land. In administering the Act the Collector has to deal with persons who claim a title and whose possession if any is very recent because the land itself has recently formed. In other words the Collector has to take possession of the recently formed land so that the persons who prove their title to the land in the Civil Court may get it from the Collector. Persons who have no *bonâ fide* claim of title but who are only interested in the land by virtue of recent possession should therefore be excluded from the list of claimants ; *secondly*, the persons who do claim title should be required to specify the particulars definitely ; *thirdly*, they should make their claims within a time limit. If this procedure is followed, the Collector can exclude persons who have no grounds for claiming title. It is necessary that there should be a time limit in order that the Collector may be in a position to complete the inquiry expeditiously and that neither the Collector nor the Civil Court should be confronted with new and delayed claims. Further, under clause 4(*4*) (*ii*) the Civil Court may admit the claimant if satisfied that the delay was not due to negligence.

The result of the above will be that many of the difficulties and complications in reference cases will disappear. A potent cause of delay and complication at present is that the parties are not called upon to put in specific claims of title at an early stage and another potent cause is multiplicity of parties which results in delay due to time required for substitution when any of them die. Under the proposed system the number of parties is likely to be reduced by exclusion of those who have no claims to the land.

It has been provided that if Government is a claimant Government shall be included in the list of claimants.

Clause 2, sub-clause (4).—This provides a definite procedure by which the Collector can distribute the net receipts without reference to the Civil Court. This will facilitate compromise.

Clause 2, sub-clause (5) (c).—When special staff is employed for collection of rents the cost is recoverable in addition to the rate leviable under Act X of 1892. When attached lands are situated in the neighbourhood of Government estates the staff of those estates can be employed part time on the collection work. That course will be more economical and reduce the expenses of the parties. It is proposed therefore that a collection charge, not exceeding *5 per cent.* on the actual collections, should be levied as cost of collection when no special staff is employed.

Clause 4, sub-clause (2).—The object is to avoid doubt or dispute as to the Court by which the reference shall be heard.

Clause 4, sub-clause (3).—It will be necessary that the court-fees and process fees should be paid by the Collector, since it is not possible to determine which party should be regarded as plaintiff. Payment will be made from the receipts at credit of the property if sufficient.

Clause 4, sub-clauses (4) (i) and (4) (ii).—*Vide* note on clause 3.

Clause 4, sub-clause (5).—The object is to provide for determination of the net receipts the persons to whom they are payable and the persons by whom the costs are to be paid, and to provide for recovery of the costs.

As it is desirable that the attachment should be terminated as soon as possible it has been provided that the Civil Court shall not dismiss a reference for default, but shall proceed to dispose of the claims in the manner indicated in proposed sub-section (*8*). This will prevent unnecessary prolongation of the period of attachment and protraction of the litigation.

Clause 6, sub-clause (4).—It is desirable to have power to constitute such a fund in districts where there are a considerable number of estates under attachment on the analogy of the Estates Partition Fund which exists in certain districts.

FINANCE DEPARTMENT.

NOTIFICATIONS.

No. 96F.—6th January 1934.—In exercise of the powers conferred by rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers hereby makes the following rules:—

Rules.

1. These rules may be called the Bengal Re-employed Personnel (Conditions of Service) Rules, 1934.

2. In these rules—

(*a*) "re-employed Government servant" means a Government servant who, having been discharged or permitted to retire on the conditions contained in the Bengal Services (Compulsory Retirement) Rules, 1933, or having been discharged in such circumstances that the said conditions would have applied but for the excluding provision in rule 1 of the said rules, is thereafter re-employed, or, before the taking effect of his retirement, is continued in employment, in a service subject to the rule-making power of the local Government under the Civil Services (Classification, Control and Appeal) Rules;

(*b*) "re-employment" with its grammatical variations and cognate expressions includes such continuance in employment as aforesaid;

(*c*) "previous service" means the service of a re-employed Government servant preceding his discharge or the grant of permission to retire as aforesaid.

3. No Government servant, who has been discharged or permitted to retire on the conditions contained in the Bengal Services (Compulsory Retirement) Rules, 1933, or has been discharged in such circumstances that the said conditions would have applied but for the excluding provision in rule 1 of the said rules, shall be rendered ineligible for re-employment in any service by reason of his age unless he has attained the age prescribed for superannuation from that service.

4. Subject to the provisions of these rules a re-employed Government servant shall be subject to such conditions of service in respect of pay, leave and all other matters as would for the time being be applicable to him if he had entered Government service for the first time on the date of his re-employment.

5. Where the previous service of a re-employed Government servant was pensionable the following provisions shall apply with respect to the retention of the compensation pension or gratuity [not including the special gratuity sanctioned under rule 10 in Part II of the Bengal Services (Compulsory Retirement) Rules] accruing in respect of his previous service—

(*1*) If the Government servant is re-employed in superior service with an initial pay of not less than 75 per cent. of the pay of the permanent (non-tenure) post on which he held a lien (active or suspended) on the date of his receipt of notice of discharge or of acceptance of his offer to retire, the portion, if any, of such compensation pension or gratuity which he shall be permitted to retain shall be determined by the local Government.

(*2*) A Government servant re-employed in superior service with an initial pay of less than 75 per cent. of such pay as aforesaid or in inferior service shall be entitled to retain the whole of such compensation pension or gratuity.

(*3*) If the pay of a Government servant re-employed in superior service whose initial pay on re-employment was not less than 75 per cent. of such pay as aforesaid thereafter becomes less than 75 per cent. thereof by reason of a reduction in the rates of pay applicable to the service in which he is re-employed, he shall be entitled from the date of such reduction to receive the whole of such compensation pension as aforesaid, or, as the case may be, to receive payment of such compensation gratuity as aforesaid less any amount thereof which he may have been permitted to retain under clause (*1*).

6. (*1*) Where a Government servant is re-employed in permanent superior service before the expiration of the leave granted under rule 6 in Part II of the Bengal Services (Compulsory Retirement) Rules, he shall, notwithstanding re-employment, be entitled to draw leave salary in addition to pay for the unexpired portion of such leave, and the period during which leave salary is so drawn shall be reckoned as leave for the purposes of clause 1 (*i*) of rule 8 in Part II of the Bengal Services (Compulsory Retirement) Rules, provided as follows:—

(*a*) Any compensation pension or gratuity retained under rule 5 shall not commence or become due for payment until such leave has expired;

(*b*) No period of re-employment otherwise qualifying for a second pension or gratuity shall so qualify if it coincides with a period already reckoned by virtue of the Bengal Services (Compulsory Retirement) Rules for compensation pension or gratuity in respect of previous service, or with a period in respect of which the re-employed Government servant continues under sub-rule (*1*) of rule 10 of these rules to be a member of a Contributory Government Provident Fund applicable to his previous service.

(*2*) Where a Government servant is re-employed in permanent superior service, he shall refund in such instalments as the re-employing authority may direct the amount, if any, by which the gratuity payable under rule 10 in Part II of the Bengal Services (Compulsory Retirement) Rules exceeds—

(*a*) in the case of a Government servant whose initial pay on re-employment is not less than the pay on which the said gratuity was calculated, an amount equal to 1/24th of a month's pay, determined in accordance with the said rule 10, for each completed month which elapses between the expiration of leave on full or average pay and the date of re-employment;

(*b*) in the case of a Government servant whose initial pay on re-employment is less than the pay on which the said gratuity was calculated, the aggregate of such amount as aforesaid and of an amount calculated in accordance with the formula contained in the said rule 10 on the basis of the excess of the pay on which the said gratuity was calculated over the initial pay on re-employment.

Explanation.—Where the amount specified in clause (*a*) or the aggregate of the amounts specified in clause (*b*), as the case may be, exceeds the gratuity payable under the said rule 10, no additional payment shall be made.

(*3*) A Government servant re-employed in permanent superior service shall not be required to refund any travelling allowance drawn in accordance with rule 11 in Part II of the Bengal Services (Compulsory Retirement) Rules and actually utilised, but he shall receive no travelling allowance for the purpose of joining Government service on re-employment.

7. (*1*) Sub-rules (*1*) and (*3*) of rule 6 shall apply to a Government servant re-employed in temporary or officiating superior service in like manner as they apply to a Government servant re-employed in permanent superior service.

(*2*) A Government servant re-employed in temporary or officiating superior service shall be entitled to draw and retain the whole of the gratuity payable under rule 10 in Part II of the Bengal Services (Compulsory Retirement) Rules; provided that if his service thereafter becomes permanent he shall be required to refund in such instalments as the re-employing authority may direct, the amount, if any, which he would have been required to refund under sub-rule (*2*) of rule 6 if he had originally been re-employed in permanent service.

8. A Government servant re-employed in inferior service, whether permanent, officiating or temporary, shall be entitled to retain all the concessions accruing to him under the Bengal Services (Compulsory Retirement) Rules including leave salary for any period admissible as leave under the said rules, but coinciding wholly or partly with a period of re-employment; provided that no period of re-employment otherwise qualifying for a second pension or gratuity shall so qualify if it coincides with a period already reckoned by virtue of the Bengal Services (Compulsory Retirement) Rules for the original compensation pension or gratuity.

9. If any question arises whether the service in which a Government servant is re-employed is permanent or officiating or temporary, or whether it is superior or inferior, the question shall be referred to the local Government whose decision shall be final.

10. (*1*) Where a re-employed Government servant is on the date of his re-employment a member of a Government provident fund (whether contributory or not) applicable to his previous service, he shall continue to be a member of such fund until the date of expiration of the leave granted to him under rule 6 in Part II of the Bengal Services (Compulsory Retirement) Rules, on which date the amount standing to his credit in the fund shall become payable:

Provided that nothing in this sub-rule shall operate to the prejudice of any rule of the fund permitting the whole or any part of such amount to be paid on an earlier date.

(*2*) Where a re-employed Government servant is required or permitted under the conditions of service applicable to him on re-employment to become a member of a Government provident fund (whether contributory or not) his obligation or, as the case may be, his right to become a member of such fund shall, if the date of his re-employment precedes the date of expiration of the leave granted to him under rule 6 in Part II of the Bengal Services (Compulsory Retirement) Rules, not take effect until the last-named date.

(*3*) Where a re-employed Government servant continues under sub-rule (*1*) to be a member of a Government provident fund applicable to his previous service until the date of expiration of the leave granted to him under rule 6 in Part II of the Bengal Services (Compulsory Retirement) Rules and becomes on the same date a member of a Government provident fund applicable to his service on re-employment, he shall, whether or not the fund applicable to his service on re-employment is the same fund as the fund applicable to his previous service, become a member of the fund applicable to his service on re-employment on the footing of a new member and his account in the fund applicable to his previous service shall be closed with effect from the date on which the amount standing to his credit therein becomes payable under sub-rule (*1*).

(*4*) This rule shall be deemed to be incorporated in, and shall have effect notwithstanding anything otherwise contained in the rules of any provident fund affected thereby.

(6) Where an alien is a subject of a State at war with His Majesty, it shall be lawful for his wife, if she was at birth a British subject, to make a declaration that she desires to resume British nationality, and thereupon the Secretary of State, if he is satisfied that it is desirable that she be permitted to do so, may grant her a certificate of naturalisation."

Indian Police Medal.

New Delhi, the 28th December 1933.

No. F.-114-XLIV/33.—His Excellency the Viceroy and Governor-General of India has been pleased to confer the Indian Police Medal on the following officer:—

BENGAL.

Nurul Alam Chowdhury, Officiating Assistant Sub-Inspector of Police.—On the 18th May 1933 Assistant Sub-Inspector Nurul Alam Chowdhury of the Khulna district received information of the likelihood of a serious communal riot between Muhammadans and Namasudras at Santoshpur. He hurried off with two constables, the only men available, and on arrival found that each community had turned out in force, armed with spears or other weapons. He succeeded in persuading most of the crowd to disperse but two sections came to blows and one of his constables was attacked. Rushing to the latter's assistance he fired one shot which stopped the rioting and caused the rioters to disperse. There was no more trouble that night, but early next morning the Assistant Sub-Inspector was informed that the house of the Muhammadan President of the Union Board was being attacked by the Namasudras. He proceeded there immediately with his two constables and, himself a Muhammadan, was severely attacked by an angry mob of Namasudras. He and his men fired 4 shots and succeeded in dispersing the mob. Immediately afterwards he learnt that the Muhammadans were looting certain Namasudra houses. Hastening there, he succeeded in dispersing the Muhammadans by firing one shot. This action finally stopped the rioting. This young officer, of only two years' service, displayed conspicuous courage and determination in dealing successfully with a situation which, if it had been allowed to develop, would have caused grave trouble not only in that locality but probably also in neighbouring districts.

NOTE.—This award is made for gallantry under regulation *d* (*i*) of the regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

King's Police Medal.

NOTIFICATION.

(POLICE.)

New Delhi, the 1st January 1934.

No. F.-25/III/33-Police.—His Majesty the King, Emperor of India, has been pleased to confer the King's Police Medal, and in four cases a bar to the Medal previously awarded, on the following officers and men of the Indian Police establishments :—

Bengal.

11. Stanley Grisewood Taylor, Superintendent of Police.—After holding charge of several important districts Mr. Taylor joined the Mymensingh district as Superintendent in 1931, a post that he still occupies. This period has been one of peculiar difficulty and trouble owing to the civil disobedience and terrorist movements. In spite of these difficulties and the size of his charge Mr. Taylor has displayed untiring energy, courage and marked ability. He is also in direct charge of the District Intelligence Branch, Mymensingh, and in this capacity his work has been of a high order and his example has maintained the spirit and confidence of his officers and men. The fact that the district of Mymensingh passed through a troublesome period without serious disorder is largely due to Mr. Taylor's conspicuous competence and devotion to duty.

12. Rai Bhupendra Nath Banarji Bahadur, Deputy Commissioner of Police.—Rai Bhupendra Nath Banarji Bahadur joined the police in 1905 and has served with distinction ever since. In 1907 he was promoted to the rank of Inspector and took a leading part in investigating a number of notorious bomb outrages. In 1912 he was appointed Superintendent of the training school at Hazaribagh and in 1914 was selected to open the police training school in Calcutta. In 1920 he was promoted to the rank of Assistant Commissioner and was placed in charge of the North Town division. In that capacity he took a leading part in suppressing the riots during the non-co-operation movement of 1920-21. In 1924 he handled the Sikh-Moslem disturbances with conspicuous energy and success. During the communal riots in Calcutta in 1926 he again distinguished himself as a leader and on several occasions at great personal risk succeeded in restoring order among the turbulent mob. On one occasion he was isolated by a crowd in Wellesley Street and was severely beaten before he was rescued. In recognition of his services he was appointed to the rank of Deputy Commissioner and placed in charge of the southern district of Calcutta. On subsequent occasions Mr. Banarji has dealt with serious disorders with coolness, promptitude and success, and often at great personal danger. Among the more conspicuous of these occasions were the hartal declared against the arrival of the Statutory Commission in India in 1928, the observance of "Jallianwallah Bagh Day" and "Independence Day" in 1930, and the strike of the Corporation scavengers in 1933.

*13. Cyril George Grassby, Superintendent of Police.—Mr. Grassby was posted to Dacca in charge of the District Intelligence Branch in November 1931 and in that capacity has shown courage and devotion to duty of a high order, in addition to exceptional industry and ability in administrative organisation.

*14. Richard Charles Pollard, Special Assistant to the Deputy Inspector-General, Intelligence Branch, *15. Rai Bon Behari Mukherji Bahadur, Additional Deputy Commissioner of Police, *16. Khan Bahadur Muhammad Shamsuddahar, Assistant Commissioner of Police, *17. Earnest Carew, Sergeant.—These four officers behaved with conspicuous gallantry when taking part in a raid on a house in which certain wanted terrorists were hiding.

(The awards to Rai Bon Behari Mukherji Bahadur and Khan Bahadur Muhammad Shamsuddahar are bars to the King's Police Medal bestowed upon them in January 1919.)

*18. Susadhar Biswas, Officiating Inspector of Police.—On the 1st November 1932 this officer, while in charge of the Kishoreganj Circle in the Mymensingh district, received a report that a dacoity would be committed that night in a village 18 miles away. He at once set out with a party of one head constable and seven constables, three of whom were unarmed, and travelling in extremely bad weather reached the village at about midnight. He surrounded the local school house where the dacoits were reported to have assembled. As he was making his dispositions a bullet flew past his ear. The dacoits continued to fire from inside the school and a constable was hit. The Inspector then ordered his men to open fire and after an exchange of shots the dacoits attempted to escape. At this point the Inspector was joined by another small police party and the combined force under the command of the Inspector succeeded in capturing six of the dacoits, one of whom was wounded and later succumbed to his injuries. From a subsequent confession it transpired that a gang of 14 or 15 persons had assembled, two of them with revolvers and a third with a gun, to commit a dacoity in the locality.

19. Ernest Springfield, Superintendent of Police.—Mr. Springfield has rendered specially valuable services while in charge of the Intelligence Branches in the districts of Mymensingh and Chittagong. As a result of the heavy work in 1930-31 the Chittagong office was in confusion. By his keenness and hard work Mr. Springfield brought the office up to date, expanded the intelligence system and made it a thoroughly efficient organisation, and infused life and vigour where it was badly needed.

N.B.—The awards in the case of officers marked with an asterisk are for conspicuous gallantry falling under regulation 6 (*a*) of the Regulations governing the grant of the King's Police Medal. Officers of and below the rank of Inspector of Police only are eligible for the allowances sanctioned in the Home Department letter No. F.25/IV/28-Police, dated the 7th February 1930.

* * * *

Bengal.

1. Brojendra Kumar Roy Choudhury, Officiating Sub-Inspector of Police.—This officer's service has always been marked by energy and ability and in 1932 he particularly distinguished himself in his arrangements to catch two firearm smugglers red-handed. These arrangements were successful and when the smugglers were arrested this officer with pluck and determination tackled them single-handed pending the arrival of his colleagues with whose assistance the offenders were finally overpowered.

2. Babu Biseswar Chatarji, Officiating Inspector of Police.—This officer has rendered invaluable assistance in Chittagong, particularly in co-operation with the military intelligence officer who has warmly praised his work. He has also attained great influence among the inhabitants of Chittagong and his propaganda has produced a marked change for the better in the attitude of the populace towards the Government and the Police.

3. Rai Sahib Pramode Nath Mukharji, Deputy Superintendent of Police.—This officer, appointed as a Sub-Inspector in 1902, was promoted to the rank of Inspector in 1909 and to that of Deputy Superintendent of Police in 1929. His service has always been characterised by ability and devotion to duty, conspicuously so on the following occasions. In 1916, he dealt ably with a serious outbreak of dacoities in Bankura district and received two special rewards. In 1917, he did excellent work at Kharagpur in connection with the first prolonged and extensive strike on the Bengal-Nagpur Railway. His services in dealing with the non-co-operation movement in Midnapore district in 1921-22 were of especial value. In 1930, in the Tippera district, he rendered valuable assistance to his Superintendent of Police in dealing with the very difficult situations arising out of the civil disobedience movement.

4. Syed Ali Asgar, Sub-Inspector of Police.—On the resumption of the civil disobedience movement in 1932, this officer was in charge of the Mahisadal Police Station in an area where the most pronounced defiance of the Government had been displayed during the movement of 1930. By firm action and exceptional initiative the Sub-Inspector checked the movement in its early stages, and his example was of great value to the other officers of the Tamluk subdivision.

5. Girija Bhusan Roy, Officiating Inspector of Police.—This officer has rendered consistently excellent service in combating the terrorist movement.

6. Rai Sahib Basanta Kumar Mukharji, Officiating Deputy Superintendent of Police, Intelligence Branch.—This officer joined the police as a probationary Sub-Inspector in 1907 and has an admirable record. His work in the Dacca District Intelligence Branch from 1912 to 1930, and since then in the Intelligence Branch of the Bengal C. I. D., has been of outstanding merit.

7. Mr. Muhammad Aboo Abdullah, Assistant Superintendent of Police.—This officer assumed charge of the Brahmanbaria subdivision of the Tippera district in March 1932 and has rendered exceptionally valuable services in combating the terrorist movement.

8. Rasik Lal Basu, Inspector of Police.—This officer has rendered very valuable services in tracing and arresting terrorists.

9. Santosh Lal Chatarji, Officiating Inspector of Police. This officer rendered excellent service when participating in the arrest of an armed terrorist.

10. Babu Probhat Ranjan Biswas, Officiating Deputy Superintendent of Police.—This officer has been employed in the Intelligence Branch for more than 9 years, during which time he has continually displayed courage and devotion to duty of the highest order. More recently he has rendered services of great value in combating the terrorist movement.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 81L.C. — 8th January, 1934.—With reference to the footnote at the end of the Report of the Select Committee on the Bengal Cess (Amendment) Bill, 1933, published with notification No. 4076L.C., dated the 5th December, 1933, in Part IV of the *Calcutta Gazette* of the 7th December, 1933, it is hereby notified for general information that Khan Bahadur M. Azizul Haque, M.L.C., has subsequently signed the said Report subject to the following minute of dissent.

J. W. McKAY,
Secy. to the Bengal Legis. Council.

Minute of dissent by Khan Bahadur M. Azizul Haque, M. L. C., on the Bengal Cess (Amendment) Bill, 1933.

I regret, owing to certain domestic mishaps, I had absolutely no time for the last two months to look up to my public duties. I am sorry, I cannot find myself in agreement with my colleagues in signing the report as it stands. My objections will be clear from the following :—

(*i*) *Rebate.*—I am wholly opposed to the grant of any rebate to the holders or farmers of an estate. Cess is a public demand and stands on the same footing as all public demands are. I do not know of any public demand which requires rebate to be granted for purposes of good collections. It is really penalising the bodies who have got the benefit of these cesses for I believe that the cess collections will not improve, beyond the present actuals, with the grant of these rebates and about 4 lakhs of rupees will be given as nothing more than a present to the landlords for carrying on duties which they are to do under the present Acts. It is a known fact that for some time past the landholders of Bengal have been putting forth many demands of their own—one of which is that they should be relieved of their duties and responsibilities of cess collections. Is the present introduction of rebate a concession to their wishes as a part solatium and in the nature of remuneration of cess collection ?

I may note that the figures of cess collections in this province do not at all justify such a measure, specially when the provision of rebate is going to be a permanent measure. On an average the total annual cess demand from 1922-23 to 1928-29 was Rs. 81,88,507, out of which, the total annual collections were Rs. 80,74,772. Even in bad years, the collections are, taking the figures from 1929-30 to 1931-32 on an average, roughly 80 lakhs out of an average annual demand of 89 lakhs of rupees.

These figures are enough to convince that rebate is not at all needed to spur up collections.

At the same time if rebate is to be granted, it should be for all and tenants also, why should not the rebate provision be applicable to the case of one who pays cess less than Rs. 50. The best that can be done is to make the rebate provision applicable to all—the rich and the poor.

(*ii*) I do not see any justification to exclude *beels* from cess liability. *Beels* yield profits ; so long as they remain such, they should be liable to pay cess like all other lands.

(*iii*) I am not in favour of empowering the Collector to exempt any land from liability to cess. The record-of-rights has by this time brought the entire nature of lands in Bengal known to the Revenue Department and the law should make it clear as to the classes to be exempted.

(*iv*) The entire provision regarding rent-free lands seems to be a great hardship in the extreme. The law requires drastic modification in this respect.

(*v*) While I welcome the acreage rate as equalising the burdens among certain classes of cess-paying people, I am afraid the provisions of determining acreage rate has been hopelessly complicated. The Collector will have to hold an elaborate economic enquiry before such acreage rates can be determined. At the same time the determination of acreage rate on the basis of all agricultural produce will produce hardship to the great bulk of the tenants.

Resolution on the report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1932-33.

Land Revenue.

CALCUTTA, THE 2ND JANUARY 1934.

RESOLUTION—No. 36 L.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1932-33.

Mr. F. A. Sachse, C.I.E., I.C.S., held charge of the office of the Member of the Board of Revenue from the beginning of the year under report till the 24th February 1933. He was succeeded by Mr. W. H. Nelson, I.C.S., who remained in charge of the office for the remaining period of the year.

2. During the year under report the weather conditions were, on the whole, favourable and the outturn of crops was satisfactory, but in April and May severe cyclones visited parts of the Manikganj subdivision in Dacca and of the Patuakhali subdivision in Bakarganj, while tornadoes of great voilence passed over several villages in the Sadar and Bagerhat subdivisions in Khulna, in the Sadar subdivision in Faridpur and Mymensingh town and eight adjacent villages. Early in July there was a heavy flood in Kurigram and Gaibandha subdivisions in Rangpur, while at the end of the month the Brahmaputra rose and flooded the pali area of the district of Bogra and caused considerable damage to the *aus* crop and jute. Crops were also injured to some extent either by drought, untimely rainfall, hail-storms or insect-pests in Burdwan, Bankura, Murshidabad, Nadia, Jessore, Bakarganj, Chittagong, Noakhali, Jalpaiguri and in the Darjeeling Terai. The failure of *bhadoi* crops caused severe distress in some areas in the Noakhali district. Prompt and adequate measures were taken to relieve the distress in the affected areas by test relief works opened by the district boards concerned, by granting gratuitous relief and by advancing land improvement and agricultural loans to the extent of Rs. 3,22,321. Owing to the general depression in trade the prices of agricultural produce were even lower than in the preceding year. The abnormal fall in the price of jute accentuated the difficulties of the cultivators. The organised propaganda for the restriction of jute met with partial success. The unsatisfactory economic condition of the agricultural population reacted on the land-owning, money-lending, trading and professional classes. The circulation of money being greatly restricted, mahajans, local banks and loan offices had to contract their operations and loans were not procurable even at a high rate of interest, while land-owners found great difficulty in making collections. The fall in the value of land continues and unemployment among educated youths was more widespread than ever.

3. Public health was on the whole good; malaria, kala-azar, cholera and small-pox made their usual visitations, but did not assume serious proportions except in a few places. The rural water-supply schemes made good progress. The establishment of union boards and constant visits to rural areas by Circle Officers and Sanitary Officers helped in spreading better ideas regarding sanitation and health amongst the villagers. The anti-malarial societies and health associations formed in many districts rendered substantial help to the public.

4. General economic conditions were far from satisfactory. There was a drop in both the price and the raisings of coal and the industry was further affected by increased railway freight charges. The prices of jute manufactures remained at a low level in spite of the restriction of hours worked and the sealing of a proportion of the looms. The cotton mills in Hooghly, Nadia and Dacca continued to function, but suffered from the general depression. The rice mills in Howrah, which did well, increased in number in the year under report; all other rice mills in the other districts were carried on more or less normally except in Hooghly and at Hilli in Bogra, where many rice mills closed down. The silk industry in Birbhum, Bankura and Murshidabad continued to suffer markedly from the keen competition of foreign products. The handloom industry of Santipur in Nadia continued

to be affected by the boycott of foreign yarns. The depression in the tea industry continued as in the previous year. Sugar production increased and several factories were opened. The match factory at Jalpaiguri continued to function. The present economic crisis greatly hampered the progress of co-operative societies.

5. The current demand of land revenue was Rs. 3,05,28,959, showing an increase of Rs. 1,92,535 over that of the previous year, and collections were 70·25 per cent. of the total and 90·49 per cent. of the current demand. There were only 1,344 sales as against 26,055 defaults. This shows that although the number of defaults increased considerably the sale law was administered with leniency owing to the bad economic conditions.

6. There was a decrease in the cost of management of Government estates, the percentage of cost on the current demand being 8·3 against 8·90 in the previous year. A sum of Rs. 1,12,709 representing 1·77 per cent. of the current demand was spent on agricultural and miscellaneous improvements, while a sum of Rs. 98,590 or 1½ per cent. on collections from Government estates was made over to the district boards of the province for expenditure on roads and communications in or leading to Government estates.

7. Agricultural demonstrations were carried out in several districts with success. There were agricultural exhibitions and lectures on improved methods of agriculture at various centres. In Faridpur the fourth batch of five *Bhadralok* youths were, on the completion of their training in the Faridpur Agricultural Farm, given lands and agricultural loans. In Bakarganj 20 *Bhadralok* colonists were offered lands in char Fasson on condition that they built houses and lived there with their families. In Noakhali 1,400 acres of char lands have hitherto been settled with five batches of educated *Bhadralok* young men under the co-operative and the *Bhadralok* schemes. In Howrah and Nadia and Pabna some lands were settled with *Bhadralok* tenants for cultivation.

The number of schools and the pupils attending them in Government estates increased by 413 and 22,156, respectively, during the year under review.

8. Of the 178 square miles comprised in twenty-two villages in the Bakarganj Colonization Scheme which was in its 26th year, an area of 7·249 acres only remained to be colonised at the end of the year. The colonisation of the 24-Parganas Sunderbans, which was in its 18th year, made fair progress. The total sum advanced by Government for reclamation in the 24-Parganas and Bakarganj Sunderbans and the total income derived from these areas up to the end of the year under report were Rs. 27,73,276 and Rs. 34,74,574, respectively. Thus after paying its way the property has yielded a net profit of Rs. 7,01,298.

9. The general health of the people in the Bakarganj Sunderbans area was satisfactory but there has been considerable deterioration in their material condition. In the 24-Parganas Sunderbans the health of the colonists was generally good except in the neighbourhood of Saugor island, where cholera broke out.

10. Taking the province as a whole, the relations between landlords and tenants were better than might have been expected. On some occasions non-payment of rent was openly advocated, and in parts of Midnapore and Hooghly and in some other places attempts were made to exploit the economic situation by means of a no-tax or no-rent campaign. Tenants were often reluctant to pay their rent although able to do so, and consequently many landlords were compelled to put pressure on their tenants in order to realise their dues. In Government and Court of Wards estates the relations between the tenants and the staff were, however, satisfactory.

11. Thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under the Board.

By order of the Governor in Council,

O. M. MARTIN,

Secy. to the Govt. of Bengal (offg.).

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 122L.C.—12th January, 1934.—The following report of the Select Committee on the amendments of the Bengal Legislative Council Standing Orders suggested by Mr. N. K. Basu, M.L.C., is hereby published for general information.

Report of the Select Committee appointed to consider the amendments suggested by Mr. N. K. Basu, M.L.C., to the Bengal Legislative Council Standing Orders.

We, the members of the Select Committee appointed to consider the amendments to the Standing Orders suggested by Mr. N. K. Basu, M.L.C., have considered the same and have the honour to submit this our report.

2. The Committee met for the first time at Darjeeling on the 20th October, 1933, and concluded its sittings in Calcutta on the 7th November, 1933.

3. We have rearranged the amendments in their proper numerical order and have put them into statutory form.

The more important changes we have made in regard to the subject matter are as detailed below:—

Amendment of Standing Order 6.—We have provided for the deletion of the paragraph "The order of priority as settled by the ballot is final" from Standing Order 6 and have inserted it at the end of Standing Order 7 which we consider to be its proper place.

Amendment of Standing Order 7.—Please see the above remarks against Standing Order 6. We have made no further change.

Proposed Standing Order 68A.—This has been substituted for proposed Standing Order 7A, as it stood referred to the Committee. The changes which have been made are with a view to restrict the scope of the Standing Order to the disposal of non-official resolutions.

Proposed Standing Order 68B.—This takes the place of proposed Standing Order 68A, as referred to the Committee.

The more important changes we have made are as follows:—

(*1*) We have increased the number necessary to permit of a requisition being considered under the Standing Order from 25 to 35.

(*2*) We have reduced the number of resolutions that may be taken out of their turn on any one day from 2 to 1.

(*3*) We have added a necessary provision to deal with cases where more than one requisition is received.

(*4*) We have increased the notice to be given to the Member of Government from 2 to 6 days, also providing that a resolution may be taken out of its turn with the permission of the President at shorter notice than that prescribed by the Standing Order if the Member of Government agrees.

The other amendments are of a purely formal or drafting character.

Chairman.

Member-in-charge.

Joint minute of dissent by the Hon'ble Mr. J. A. Woodhead, C.I.E., and Mr. C. C. Hooper.

Proposed new Standing Order 68A.—Although we realise that the power given to the President by this Standing Order to regulate the discussion of resolutions is likely to expedite the disposal of business to some extent, we are doubtful whether this advantage outweighs the disadvantages involved in the proposal. It is a difficult and delicate task to adjudge the relative importance of resolutions and to decide beforehand what amount of time would be adequate for the discussion of each. We are doubtful whether this difficult and somewhat invidious responsibility should be placed upon the President, unless there are very cogent reasons for such an innovation. Under the existing Standing Orders the Council itself can limit discussion by means of the closure, while the President has power to prevent any abuse of the right to move the closure. We are not satisfied that there are sufficient grounds for changing the present system and for the imposition of an artificial limit on the discussion of each resolution in the manner proposed.

Proposed new Standing Order 68B.—Sub-section (*2*) of this Standing Order provides that where more than one requisition is received the President shall decide which resolution shall be given precedence. We cannot agree to this proposal. In our opinion the proposed Standing Order should follow the principle on which the existing Standing Orders relating to resolutions and Bills are based, and should provide that where more than one requisition is received it shall be decided "by a special ballot" (in such manner as the President may determine) which of the resolutions specified in such requisitions shall be given precedence. The "special ballot" contemplated is a very simple procedure by which the resolution to be given precedence is determined by lot, in the manner described in section (*5*) of the orders made by the President for determining the relative precedence of notices of Bills and resolutions (Council Manual, page 313). We contemplate that cases must frequently arise in practice in which no material will be available to form the basis of a decision with regard to the relative importance of two or more resolutions each of which has the support of the requisite number of members and we cannot be a party to imposing upon the President a responsibility of this kind.

Minute of dissent by Mr. C. R. Dain, C.I.E.

I agree to item (*i*) with both the proposed "omissions" (*a*) and (*b*), and I also agree to item (*ii*) (*a*) omitting certain words, figures and brackets from Standing Order 7, but I do not agree to item (*ii*) (*b*), which is consequential on the passing of the proposed Standing Order 68B.

(*iii*) is consequential on the alterations proposed in Standing Order 6, and acceptable.

I agree to the proposed Standing Orders 68A (*1*), (*2*) and (*3*), but I do not agree to the inclusion of Standing Order 68B, which, even although considerably modified from the original draft put forward by Mr. N. K. Basu, still to my mind greatly curtails the possibility of individual members obtaining a hearing in the House on the subjects in which they have particular interest.

Minute of dissent by Babu Lalit Kumar Bal, M.L.C.

In order that a resolution may be taken out of its turn, I think at least forty members should submit the necessary requisition and only one resolution should be given such precedence during a session.

Minute of dissent by Babu Jitendralal Bannerjee, M.L.C.

My only doubt in signing the Report of the Select Committee is whether, under the system now proposed to be introduced, we should not be unduly tampering with the sanctity of the ballot. What would be the good of ballotting at all, I wonder, if during the short period of time allotted to the discussion of resolutions, one resolution were permitted to be taken out of order, every day! No doubt certain safeguards have been provided—the signatures of 35 members, the previous consent of the President and the member concerned, and so on. But it will be easy for any influential front-bench man to get round these safeguards while the position of the humble private member will be worse than it is now. At present the ballot may favour him, but the proposed changes in the rules will neutralize the effect of the ballot.

Coming to details, these are my suggestions: The proposed section 68A is all right; it will be an improvement upon the existing state of things. But section 68B ought to be changed in one important respect. Instead of providing that "not more than one resolution shall be given precedence on any one day," the proviso ought to be that "not more than one resolution shall be given precedence during the whole session."

Amendment of the Standing Orders.

(As adopted by the Select Committee.)

Amendment of Standing Order 6. (Section 19.)

(*i*) In sub-section (*1*) of Standing Order 6 the following words shall be omitted, namely:—

(*a*) "or a resolution on which a member has indicated his first priority and which remains undisposed of at the end of the session" and

(*b*) "and such resolution shall, if the member who has given notice of it intimates in writing before the holding of the ballot for the next session his desire to proceed with it, be carried over to the next session and shall, together with any amendments thereto of which notice has been given, be set down for discussion for such day or days as are available for non-official business in the order in which it stands and shall be given precedence to the resolutions to be balloted for for that session. The order of priority as settled by the ballot is final."

Amendment of Standing Order 7. (Section 20.)

(*ii*) (*a*) In sub-section (*2*) of Standing Order 7, the words, figures and brackets "except as provided in sub-section (*1*) of Standing Order 6" shall be omitted.

(*b*) To the said sub-section the following words shall be added, namely:—

"The order of priority as determined by the ballot shall, subject to the provisions of Standing Order 68B, be final."

Amendment of Standing Order 63. (Section 70.)

(*iii*) In the second proviso to Standing Order 63, the words and figure "exclusive of any resolution carried over under the provisions of Standing Order 6" shall be omitted.

Insertion of new Standing Orders 68A and 68B.

(*iv*) After Standing Order 68, the following Standing Orders shall be inserted, namely:—

Limitation of time of discussion of resolutions.

"68A. (*1*) The President may, if he thinks fit, allot the maximum limit of time which shall be available for the discussion of any non-official resolution on any day allotted for the discussion of such resolutions.

(*2*) As soon as the maximum limit of time for discussion is reached, the President shall forthwith put every question necessary to dispose of the resolution under discussion.

(*3*) Notwithstanding anything contained in sub-section (*4*) of Standing Order 34, the President may, in the case of any resolution for the discussion of which he has allotted the maximum time under sub-section (*1*), prescribe a time-limit for speeches shorter than that referred to in that Standing Order.

Procedure for taking a resolution out of turn.

68B. (*1*) Notwithstanding anything contained in sub-section (*2*) of Standing Order 7, on the written requisition of not less than thirty-five members that a resolution be taken out of its turn on a day allotted for the discussion of non-official resolutions, the resolution shall, with the consent of the President and the Member of Government in charge of the department concerned, be given precedence on that day over all other resolutions for which a ballot has been held:

Provided that not more than one resolution shall be given such precedence on any one day.

(*2*) If more than one requisition is received in respect of any one day, the President shall decide which of the resolutions specified in such requisitions, to which the consent of the Member of Government concerned has been obtained, shall be given precedence on that day.

(*3*) A resolution shall not have precedence under this Standing Order on any day unless the Member of Government concerned has received at least six days' notice, and the members at least twenty-four hours' notice, from the Secretary, that the resolution will be given precedence on that day:

Provided that, with the consent of the President, six days' notice shall not be necessary if the Member of Government agrees to accept shorter notice."

Draft of Amendment of Standing Orders as referred to the Select Committee.

(Omitted in Select Committee and substituted by the amendments as adopted by the Select Committee as shown in their report.)

(i) That after Standing Order 7 the following new Standing Order be inserted, namely :—

Limitation of time of discussion of non-official business other than Bills.

7A. (1) On the day or days allotted by the Governor for the disposal of non-official business under rule 6, the President may, if he thinks fit, allot the maximum limit of time that may be made available for any item of such business, other than non-official Bills.

(2) As soon as the maximum limit of time for discussion is reached, the President may forthwith put every question necessary to dispose of the motion under discussion.

(3) Notwithstanding anything contained in sub-section (4) of Standing Order 34, the President may also, in cases where he has allotted the time under sub-section (1), prescribe a time-limit for speeches shorter than that referred to in that Standing Order.

(Section 20A.)

(ii) That after Standing Order 68 the following new Standing Order be inserted, namely :—

Procedure for taking resolutions out of turn.

68A. Notwithstanding anything contained in sub-section (1) of Standing Order 6 or in sub-section (2) of Standing Order 7, on the written requisition of not less than twenty-five members, sent in at least two days in advance, that a resolution be taken out of its turn, and with the consent of the Hon'ble Member in charge of the department concerned and of the President, the President shall intimate that leave is granted by the House to the course proposed and shall state the time at which such resolution shall be taken :

Provided that not more than two resolutions shall be so taken out of their turn on any one day :

Provided also that in fixing the time at which the resolution shall be taken, the President shall see that members are given at least 24 hours' notice of the same.

(Section 77A.)

Amendment of Standing Order 6. (Section 19.)

(iii) That in sub-section (1) of Standing Order 6—

(a) the words "or a resolution on which a member has indicated his first priority and which remains undisposed of at the end of the session" shall be omitted;

(b) the words " and such resolution shall, if the member who has given notice of it intimates in writing before the holding of the ballot for the next session his desire to proceed with it, be carried over to the next session and shall, together with any amendments thereto of which notice has been given, be set down for discussion for such day or days as are available for non-official business in the order in which it stands and shall be given precedence to the resolutions to be balloted for for that session" shall be omitted.

Amendment of Standing Order 7. (Section 20.)

(iv) That in sub-section (2) of Standing Order 7, the words, figures and brackets "except as provided in sub-section (1) of Standing Order 6" shall be omitted.

Amendment of Standing Order 63. (Section 70.)

STATEMENT OF OBJECTS AND REASONS.

The necessity of legislation to prevent the smuggling of arms through the ports of Calcutta and Chittagong has of late assumed particular importance owing to an intense and widespread recrudescence of the activities of the terrorists and of armed robbers and dacoits. Many of the revolvers and pistols used by such people are smuggled into this province through the ports of Calcutta and Chittagong by individual seamen for the purpose of gain. The efforts of the police against this class of smugglers have in recent years led to the arrest of a number of seamen with arms when about to sell them to police officers in disguise. The result has been that thi class of smugglers are believed now to sell their arms mostly through the medium of recognised brokers. These brokers usually confine themselves to the negotiation of sales and purchases and seldom retain the weapons in their own possession.

2. It is extremely difficult to deal with these smugglers and brokers under the ordinary provisions of the Indian Arms Act, 1878. Nor is it easy to collect sufficient evidence for a successful prosecution for conspiracy to smuggle arms. It is proposed therefore to undertake *ad hoc* legislation to deal with the problem.

3. The present Bill has been drafted on the lines of the Goondas Act, 1923. It provides for externment from the province, or removal from the areas where there are opportunities for the smuggling of arms, of those who actually participate or are reasonably believed to participate in smuggling and sale of arms and ammunition.

STATEMENT OF OBJECTS AND REASONS.

Although the Court-fees Act, 1870, was amended for revenue purposes in Bengal by the Bengal Court-fees (Amendment) Act, 1922, recent enquiries have shown that there is frequent evasion of the existing provisions of the law relating to court-fees and in consequence the loss of large sums of revenue due to Government. The primary object of this Bill is to provide a suitable machinery for preventing the evasion of the existing law relating to court-fees.

2. Advantage has also been taken of this opportunity to make proposals for the removal of the more serious anomalies and defects in the procedure under the existing Act to which attention has been drawn in numerous decisions of the various High Courts and by the Report of the Indian Taxation Enquiry Committee. Except by the removal of existing anomalies it is not proposed to provide for any general increase in the provincial revenue from court-fees, and only certain incidental amendments of the First and Second Schedules to the Act have, therefore, been incorporated in the Bill. The main provisions are explained in the following notes on clauses:—

Clause 1(3).—This sub-clause gives the Local Government the power to bring the various provisions of the Bill into force at such times as may be considered suitable.

Clause 3.—It has been necessary to define "Collector" as certain important functions have been vested in the Collector under the provisions of the Bill.

"Suit" has been defined as including an appeal with regard to certain matters mentioned in the Bill, as it is necessary that the procedure which it is proposed to adopt to prevent the leakage of revenue should be applicable as regards appeals.

Clauses 4 and 5.—See also clause 6. It is proposed to transfer section 6 of the Court-fees Act from Chapter III to Chapter II of the Act and to modify the headings of those chapters in order to remove certain ambiguities to which attention was drawn in the judgment of the Calcutta High Court in the case of Anandalal Chakrabarti *versus* Ramani Industrial Bank, Ltd. (I. L. R. C. LIX page 528).

Clause 6.—The proposed proviso is designed to remove the apparent inconsistency between section 6 of the Court-fees Act and certain decisions of the Calcutta High Court.

Clause 7.—(*i*) *Sub-clause* (*2*).—The present provision of the law, under which in certain suits the plaintiff is entitled to fix his own valuation on the relief which he seeks, is open to considerable abuse and leads to evasion of the Stamp law. There is a good deal of uncertainty as to whether, in fact, the Court has not the right to revise the valuation in suits coming within the purview of section 7(*iv*) of the Court-fees Act. In a case reported in 11, *Calcutta Weekly Notes*, Mukherji J. held that the Court had a right to revise the valuation but, in a subsequent case in the matter of Kalipada Mukherji 34, *Calcutta Weekly Notes*, 870, Rankin C.J. expressed the opinion that it is not competent for a Court to go beyond the plaintiff's valuation and to revise it by placing a valuation of its own on the relief which the plaintiff seeks. The proposed amendment will empower the Court to revise the valuation in cases in which it is unreasonable.

(*ii*) *Proviso* (*1*) *in sub-clause* (*2*).—There are some cases coming within section 7(*iv*) of the Court-fees Act in which the subject-matter definitely has no market-value. It is, therefore, proposed to provide a minimum fee to be paid in respect of cases of this nature.

(*iii*) *Proviso* (*2*) *in sub-clause* (*2*).—Declaratory suits in which the consequential relief relates to immovable property are usually in the nature of title suits, and it is, therefore, reasonable that an *ad valorem* court-fee should be paid in these cases, although it need not be charged at the full rates. Proviso (*2*) has, therefore, been drafted on the lines of the Madras amendment to section 7(*iv*) of the Court-fees Act.

(*iv*) *Sub-clause* (*3*).—Under the existing law, in the case of entire estates and definite shares of estates paying annual revenue to Government, the value of the subject-matter of the suit is deemed to be ten times or five times the revenue payable according to whether the settlement is permanent or temporary. In a permanently-settled province like Bengal, the value of land in terms of land revenue bears no ratio to the real value of the land with the result that certain absurdities and anomalies arise to which reference has been made by the Indian Taxation Enquiry Committee in paragraphs 320 and 340 of their Report. Moreover, these provisions of the law lead to an inequitable assessment of court-fees, inasmuch as the incidence of taxation as regards land revenue varies in different districts. It is, therefore, proposed that court-fees should be assessed on the market-value of the land in suit according to rules framed by Government.

The expression "buildings" has been used instead of "houses" as being more precise, but in order to remove any doubts with regard to this matter, a definition of the expression "buildings" has been inserted in the Bill.

(*v*) *Sub-clause* (*4*).—The amendment proposed is consequential to the amendment which has been suggested as regards section 7, paragraph *v*, of the Act.

(*vi*) *Sub-clause* (*5*), *paragraph viA*.—The existing provision of the Court-fees Act, *viz.*, section 7, paragraph *iv* (*b*), which is apparently intended to relate to partition suits is useless, because it has been held that partition suits do not come under this clause. In any case, this provision is defective as it relates only to joint family property and not to joint property of other kinds. The existing practice is to treat partition suits as coming under Article 17, clause (*vi*) of the Second Schedule to the Court-fees Act. They can, therefore, be filed on payment of a court-fee of Rs. 15 only, although they are often in the nature of title suits and are more troublesome and occupy more time than most other suits that come before the Courts. It is proposed, therefore, to levy an *ad valorem* court-fee at half the usual rates in such suits if the plaintiff is in possession of the property which he claims and at full *ad valorem* rates if he is out of possession.

(*vii*) *Sub-clause* (*5*), *paragraph viB*.—This paragraph deals with suits for the cancellation of certain decrees, documents and injunctions. It is based, to a large extent, on section 7 of Madras Act V of 1922.

Clause 8.—(*i*) *Section 7A*.—This section should be read with section 8-K in clause 9 and section 35A(*2*) (*a*) and (*e*) in clause 17. The Local Government already have power under section 3 of the Suits Valuation Act to make rules for determining the value of land for purposes of jurisdiction in respect of the suits mentioned in section 7, paragraphs *v* and *vi* and paragraph *x*, clause (*d*) of the Court-fees Act. It is an anomaly that Government should not possess similar powers as regards the framing of rules for the purposes of the Court-fees Act.

(*ii*) *Section 7B*.—It has been found by experience that excessive claims are often made in references in land acquisition cases because no fee is charged on such references. In the vast majority of cases which come before the Land Acquisition Courts, it is found that the Collector's award is perfectly fair and it is upheld. The proposed amendment will tend to discourage frivolous and inflated references, but will not in any way penalise applicants whose grievances may be substantial, because, under section 27(*2*) of the Land Acquisition Act, if the Collector's award is not upheld, the costs of the reference, including the cost of the Court-fee, will ordinarily be paid by the Collector. The existing provision of the Court-fees Act as regards the fees payable in respect of appeals from the Court in land acquisition matters remains unchanged.

Clause 9.—The sections of this clause are, to a very large extent, self-explanatory. It has been found that the machinery provided in the Court-fees Act for ascertaining whether or not the subject-matter of a suit has been wrongly valued, is very defective. Under the Act, as it stands, judicial officers have certain vague and ill-defined fiscal duties to perform, but the manner in which they are to perform them is largely left to the discretion of the officers concerned.

An attempt has, therefore, been made in clause 9 to prescribe a definite procedure whereby the Court will be vested with suitable powers for the performance of its fiscal duties under the Act. In certain cases it is proposed to empower the Court to refer questions of valuation to the Collector, but, in such cases, the plaintiff is given the right to apply to the Court for the revision of the Collector's decision. It is anticipated that references to the Collector are not likely to be numerous and would only be made, in practice, in exceptional cases where the machinery at the disposal of the Court is inadequate for the purpose of making a proper enquiry.

Section 8D is designed to provide a suitable method for recovering insufficient court-fees and to prevent leakage of revenue in certain cases to which the attention of Government has recently been directed. One of the principal defects of the existing Court-fees Act is that it contains no provision empowering the Court to realise deficit court-fees after the disposal of a case. Such deficits are, however, frequently discovered when the records of a case are transferred to the Record Room after its disposal. It is, therefore, necessary in such cases to provide that the amounts found to be due to Government at that stage shall be recoverable as public demands.

Sections 8E(*2*) and 8-I have been incorporated in the Bill in order to meet the difficulty brought about by the decision of the Calcutta High Court in the case of Jalekha Bibi *versus* Danis Mahomed, 33, *Calcutta Weekly Notes*, page 952, to the effect that the Court has no power to make the plaintiff deposit the costs of a commission under section 9 of the Court-fees Act, 1870.

Section 8J.—It is considered desirable to recognise by statute those officers whose duty it is to assist the Court, in the performance of its fiscal duties, by reporting in regard to Court-fees.

Section 8-K.—In order to attain some reasonable measure of uniformity as regards the valuation of suits, certain District Judges formerly made use of "Suits Valuation Charts" but the High Court, in the case of Jalekha Bibi *versus* Danis Mahomed, 33, *Calcutta Weekly Notes*, page 952, held that such charts could not be used as evidence

of the value of the land. There is no doubt that such charts or similar documents could be used with great advantage in connection with the valuation of suits and it is, therefore, proposed to empower the Local Government to issue them and to give them an evidentiary value in connection with enquiries under the Court-fees Act.

Clause 10.—In view of the procedure which it is proposed to adopt under section 8E, and the following sections of clause 9, sections 9 and 10 of the Court-fees Act are unnecessary, and they may be repealed.

Clause 11.—It has been necessary to redraft section 11 of the Court-fees Act because the second part of the section, as it stands, has become obsolete as mesne profits are not now determined in execution proceedings.

The section has been redrafted on the lines of clause 11 of the Government of India Bill of 1924, as amended by the Select Committee. Enquiries relating to mesne profits are now regulated by Order 20, Rule 12 of the Civil Procedure Code. If therefore, it was found, during the course of enquiry as to mesne profits after the preliminary decree that further court-fees were required, the Court would be in a position to demand these additional court-fees before the passing of the final decree, and if they were not paid, to dismiss the plaintiff's claim or the portion of the plaintiff's claim in respect of which the additional court-fees were due.

Clause 12.—The Explanation has been inserted in order to remove certain doubts which have arisen with regard to the interpretation of section 12 of the Act.

Clause 13.—Section 17 of the Court-fees Act has occasioned much difficulty, especially as regards the interpretation of the expression "distinct subjects." The section has, therefore, been redrafted on the lines of the Government of India Bill of 1924, as amended by the Select Committee, in order to remove this difficulty.

Clause 14.—As regards sub-clauses (*a*) and (*c*) certain amendments of section 19 have been proposed on the lines of the Government of India Bill, 1924. The amendment proposed in sub-clause (*b*) is consequential to section 7B in clause 8.

Clause 15.—This clause inserts a new section in order to make it clear that, with reference to orders under the Court-fees Act, the Court is vested with a power similar to that which it exercises under section 148, Civil Procedure Code.

Clause 16.—Section 35 of the Act has been redrafted in order to provide for cases in which, owing to the present economic depression or other reasons, it may be desirable to suspend the payment of court-fees and to provide that, in such cases the suspended payments may be realized under the Certificate Procedure.

Clause 17.—This is a rule-making clause to empower Government to make rules for carrying out the purposes of the Act.

Clause 18.—Article 12 of Schedule I has been redrafted in order to remove certain doubts as to the interpretation of the Article to which the attention of Government has been directed.

Clause 19—*Sub-clause* (*1*).—This amendment is directed to the removal of an anomaly as regards applications under paragraph 20 of the Second Schedule to the Civil Procedure Code, 1908, to which the attention of Government has been directed.

Sub-clause (*2*).—It is proposed to add a new article to Schedule II to apply to certain election petitions on the lines of section 2 of the United Provinces Court-fees Amendment Act, 1933 (III of 1933). No fixed principle is followed at present as regards the assessment of the court-fees required for such petitions and it is proposed to levy a fee commensurate with their importance.

Clause 20 is merely a saving clause to protect certain certificates in respect of which the requisite fees have been paid under the law for the time being in force.

BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.

NOTIFICATION.

No. 143L.C.—13th January, 1934.—The following report of the Select Committee on the Bengal Waterways Bill, 1933, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Waterways Bill, 1933.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Waterways Bill, 1933, was referred by a motion carried in the Bengal Legislative Council on the 15th August, 1933, have the honour to submit this our Report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

The Bill was published in English in the *Calcutta Gazette* of the 27th July, 1933.

2. We do not consider that the Bill has been so altered as to require republication.

3. The Committee met for the first time on the 8th November, 1933, and concluded its sittings on the 20th *idem*.

4. The Committee consulted five representatives from certain steamer companies with special reference to caluse 66 of the Bill regarding the tax on the owners of steam vessels.

The Committee have made several purely formal drafting changes in the Bill to which it is unnecessary to refer specifically.

The more important changes are as follows :---

Clause 2 (c).—The Commitee have inserted "Beel" in the definition of "channel" in clause 2 (*c*) to make the intention more clear.

Clause 2 (dd).—It has been considered advisable to define the phrase "district member" in order to draw attention to the distinction between a "district member" and a member of a district Committee who is not a member of the Board under clause 10.

Clause 2 (g).—The change made here is to make the intention more clear.

Clause 2 (kk).—We have inserted a definition of "Union Board" as being necessary.

Clause 4.—The increased number of trustees shown in this clause is consequential on the changes made in clause 5. The other changes are of a drafting character.

Clause 5.—Three important additions have been made to the number of trustees by including two representatives of District Boards and one trustee to represent the interests of persons carrying on the business of transport by water within the jurisdiction of the Board.

In regard to the District Board, the Committee felt that as the waterways are a subject of vital importance to the districts, they should have a larger representation on the Board.

The Committee were also of opinion that the Board should not be denied the expert knowledge and experience which could undeniably be provided by the presence of a representative of the interests of persons carrying on the business of transport on inland waterways. This member is to be nominated by the Local Government.

In clause 5 (*e*) we have, by a majority, made it clear that the two members to be elected by the Bengal Legislative Council shall both be Indians.

Clause 8.—The changes made are mainly consequential.

We have also provided for returns being submitted, when there is no Chairman, to the Local Government.

Clause 9.—We have provided in this clause, in the case of the Bengal Legislative Council, that if that body is dissolved or is not in session, the Local Government may appoint persons to fill the vacancies for the intervening period.

Clauses 10 and 11.—We have transposed these clauses as being more appropriate.

Clause 11 (as renumbered).—This reproduces clause 10. We have made it clear that the "moral turpitude" referred to in the clause shall be a matter for the decision of the Local Government.

We have inserted clause 11 (*3*) as being consequential to the change made in clause 5 by the addition of sub-clause (*g*) to that clause.

We have transferred clauses 12 and 14 (with modifications) and clause 15 to new Chapter IVA.

Clause 13 has been omitted as unnecessary.

Clause 17.—The majority of the Committee were of opinion—

(*i*) that the salary of the Chairman should not exceed Rs. 2,500 fixed; and

(*ii*) that he should receive no other allowances except a house-rent of Rs. 200 a month.

The changes made in the clause are with a view to give effect to these intentions.

Clause 17A.—We have inserted a new clause 17A on the lines of section 10 of the Calcutta Improvement Act, making it clear that a salaried Chairman of the Board must be a whole-time officer.

Clause 18.—The re-draft of this clause is to bring out the intention more clearly.

Clause 20.—The omission made is consequential.

Clauses 22 and 23.—The changes supply certain omissions.

Clause 25.—The changes are consequential.

Clause 26.—We have substituted the word "one" for "two" to make the clause more elastic.

Clause 31.—We consider it necessary to retain a provision similar to section 35 (*2*) of the Calcutta Improvement Act and have done so by the addition of clause 31 (*2*) renumbering clause 31 as 31 (*1*).

Clause 33.—The transposition effected here is to make the intention more clear.

Clause 34.—We have increased the quorum referred to in clause 34 (*2*) from two to five.

Clause 36.—We have given power to the Board to appoint persons to be Chairmen of Committees of the Board in cases where the Chairman of the Board is not a member of any Committee. It will then rest with the members present at a meeting, in the case of the absence of the Chairman or the appointed Chairman, to choose a Chairman from those present at the meeting.

Clause 37.—The more important changes are as follow :—

We have debarred not only the Chairman, but all whole-time officers and servants of the Board, from drawing fees for attending meetings.

We have also reduced the amount of fees that may be drawn from "twenty" and "ten" to "sixteen" and "eight" respectively.

We have also provided for the payment of travelling allowance to members of the Board for attending meetings except the Chairman, if he is a whole-time officer, and any officer or servant of the Board.

Clause 40.—The majority of the Committee, the official members abstaining from voting, were of opinion that it was necessary to provide that in the case of projects involving an expenditure of over Rs. 10,000, the previous sanction of the Board would be necessary and in the case of projects costing more than Rs. 1,00,000 the sanction of the Local Government should be obtained.

A new proviso to give effect to this has been substituted for the original proviso in the Bill.

Clause 41.—This clause has been redrafted, making it compulsory on the Chairman, within a specified time, to supply the Local Government with the minutes of the proceedings of every meeting of the Board. In the case of other papers, returns or documents, the Chairman will only supply these on requisition by the Local Government.

Clause 42.—The alteration made in clause 42 (*1*) is to make the intention more clear.

We have substituted the word "controlled" for the word "maintained" as being more correct.

We have added a proviso to clause 42 (*2*) in order to make it clear that the Waterways Board will have no control over navigable channels which are declared to be within the limits of the Port of Calcutta and of the navigable river and channels leading to that port.

Clause 43.—Apart from the drafting changes, the more important changes are the additions made in clause 43 (*b*) by the insertion of a special reference to the water-hyacinth pest—see clause 43 (*b*) (*v*)—it being made possible for the Board "to clear or destroy water-hyacinth in any district where there are navigable channels under the control and administration of the Board."

We have also given power to the Board in clause 43(*b*)(*iii*), among other things, to construct tow-paths.

The change made in clause 43(*f*) is to make the meaning clearer.

Clause 48.—We have added a necessary proviso to clause 48 requiring the Board, in any case in which they propose to lease or alienate land for a longer period than 3 years, to obtain the previous sanction of the Local Government.

Clause 49.—This has been transferred under new Chapter IVA as clause 49J.

Chapter IVA.—As we have proposed several new provisions relating to District Committees, we think it advisable that there should be a self-contained Chapter devoted to District Committees. We have inserted a new Chapter IVA accordingly and included under it all matters dealing with the formation, constitution, etc., of District Committees.

Clause 49A.—This clause reproduces clause 12 of the Bill as introduced except that it increases the number of members on the District Committees from 8 to 12. Of the four extra members, the District Boards' representation is increased by three and one member has been added to represent riparian municipalities.

For administrative convenience, we have provided in clause 49A(*4*), read with clause 49B, that, in the case of the Waterways Executive Engineer, he may be represented on the District Committee by a person to be nominated by him with the consent of the Board.

Clause 49B is consequential on clause 49A(*4*).

Clauses 49C, 49D, 49E, 49F and 49G contain the usual provisions dealing with appointment of members in default of election, disqualification or removal of members, filling of casual vacancies, term of office of members, etc.

Clause 49G.—The term of office has been increased.

Clause 49H.—This clause takes the place of old clause 15.

Clause 49-I provides that the District Engineer shall be Secretary of the District Committee.

Clause 49J.—This clause reproduces old clause 49 with a few verbal alterations and an additional sub-clause (*6*) making it a duty of the District Committees "generally to do all such acts as may be entrusted to them by the Board."

Clause 49K makes provision for payment of travelling allowance to members of District Committees.

Clause 51.—The change is consequential on the alterations made in clause 40.

Clause 53.—We have provided that the Board's and not the Chairman's, decision, as to whether a scheme is a district scheme or not, shall be final.

Clause 59.—The changes are of a drafting character.

Clause 61.—We have altered this clause, leaving it to rules to prescribe what particulars of detailed projects of major works should be published under the clause.

Clause 63.—The clause has been redrafted to make the intention more clear.

Clause 65.—The alterations are of a drafting character.

Clause 66.—The Committee, contrasting the financial position in which the Calcutta Improvement Trust found itself on its formation, with the expected position of the Waterways Board, is impressed with the inadequacy of the finance which would be provided for the latter Board by the Bill as drafted and has two propositions which it would very strongly recommend.

It was agreed unanimously among the non-official members, the official members abstaining from voting, that—

(*1*) in order to augment the funds of the Board and to prevent the loss of revenue from the surcharge proposed on inland vessels by the likely diversion of traffic to other transport agencies not liable to surcharges under the Bill, particularly the Railways, the Local Government should examine the case and consider the manner in which the Bill could be amended to permit of the imposition of taxes in the nature of terminal taxes on passengers and goods booked to, through, and from certain specified railheads in the province adjacent to navigable waterways;

(*2*) an investigation should be conducted forthwith into the financial position of the Calcutta Improvement Trust with a view to ascertain whether the Trust can afford to dispense with the monies derived from the duties levied under section 84 of the Calcutta Improvement Act, and, if so, that the Local Government should consider how the Waterways Bill can best be amended, so that by such amendment, and the use of section 176 of the Calcutta Improvement Act, such monies may be diverted with a view to augment the funds of the proposed Waterways Board.

The Select Committee would not unavoidably delay the passage of the Bill, but considers that, when taking its report into consideration, the House should have placed before it as full an appreciation as possible of these two propositions and the possibility of giving effect to them either by the amendment of the Bill or by the introduction of an amending Bill in the near future.

Clause 67.—We have extended the time by which a return under clause 67(*2*) should be submitted from thirty days to two months.

Clause 67(4) has been omitted as its provisions have been included in a modified form in new clause 67A(*1*).

Clause 67A.—This clause empowers the Chairman, in any case, to cause an inquiry to be made as to the correct amount due to the Board under clause 66. It also provides for an appeal to the Local Government by an owner of a steam vessel from any order of the Chairman as to the amount that is due.

Clause 67B provides that the manner in which, and the period within which, every amount which is due from an owner shall be paid, shall be such as may be prescribed by rules.

Clause 70.—We have redrafted this clause to provide that, in case of a failure to pay toll under the Act, the vessel seized may be liable to be sold.

Clause 87.—Except for the three official members who opposed, the non-official members unanimously agreed that the Government contribution should be raised to five lakhs and the clause has been amended accordingly.

Clause 90.—In order that more time may be given for the consideration of the budget estimates, before the next financial year begins, we have provided that these estimates should be placed before the Board in the month of January in each year instead of February.

Clause 91.—We have omitted this clause here and have reproduced it with modifications as clause 143A of the Bill.

Clause 100.—For administrative convenience we have made provision for crediting the Waterways Executive Engineer with funds, within certain limits, for the purpose of the Act. We understand that this procedure is followed in the Irrigation Department of the Local Government.

Clauses 101 and 102.—The amendments made in these clauses are mainly consequential.

Clause 104.—We have made it clear in clause 104(*c*) that movable property includes tools and plant.

We have made necessary addition in clause 104(*d*) to provide for the crediting of sums received from other sources than the Government to "capital" account.

In clause 104(*e*) we have altered "forty" to "thirty."

Clause 106.—The amendments are consequential to the amendments made in clause 104.

Clause 118.—We have altered this clause so as to specify the time within which the Board shall submit an abstract of their accounts to the Local Government.

Clause 119.—Some corrections and additions, mainly consequential, have been made in this rule-making clause.

We have also provided a safeguard in clause 119(*4*) that, if the Board neglect to make rules, the Local Government may make them.

Clause 121.—We do not think it necessary to provide for the printing of copies referred to in this clause in other than English and Bengali and have accordingly omitted mention of Hindi.

Clause 136.—We have provided for an appeal to the Board, against an award made under this clause, by any person dissatisfied.

Clause 138.—We have redrafted clause 138(*3*) to provide for certain consequential amendments.

Clause 138(4) has been modified to make the intention more clear.

Clause 140.—We have made an addition to this clause, to provide for damage to the banks and works on a line of navigation, on the lines of section 16 of the Canals Act.

Clause 143A.—This new caluse reproduces, with modifications, clause 91 of the Bill.

The modifications and additions made are with a view to make the law more comprehensive and explicit.

We recommend that the Bill, as amended by us, be passed.

N.B.—The signatures of Babu Jatindra Nath Basu and Maulvi Abul Kasem had not been received up to the time of printing this report.

Joint minute of dissent by the Hon'ble Alhadj Nawab Bahadur Sir Abdelkerim Ghuznavi, of Dilduar, Mr. H. C. V. Philpot and Rai Bahadur Sailendra Nath Banerji.

Clause 5(e).—This clause appears undesirable on the ground that statutory racial discrimination is objectionable in a matter governed by an election by the members of the Legislative Council. We therefore consider that it should merely specify two members of the Bengal Legislative Council with no further limitation.

Clause 34(2).—According to the amendment no business can be transacted unless the Chairman and five other trustees are present. We think it is desirable to provide that if a meeting is adjourned owing to absence of a quorum, at the adjourned meeting or in any subsequent adjourned meeting in which the same subjects are to be discussed the Chairman and two other members will form a quorum. The amendment of clause 40 will probably necessitate fairly frequent meetings and it is desirable to provide against the possibility of the work of the Trust being unnecessarily delayed owing to difficulty in obtaining a quorum.

Clause 40.—This clause as settled by the Select Committee appears objectionable as the criterion in it for delegation of power of sanctioning estimates and contracts is not the amount of the individual estimate or contract but the total cost of the project of which such estimate or contract may form part, thus preventing delegation of power of sanction even of insignificant items if they form part of a large project.

We therefore propose that the criterion be the amount of the individual work within the project in the case of both estimates and contracts.

We think that the limits of power of sanction should in both cases be :—

(*i*) up to Rs. 10,000—Chairman or executive officers ;

(*ii*) up to Rs. 50,000—Board ;

(*iii*) above Rs. 50,000—Local Government.

Clause 49J(f).—The addition made by the Select Committee means that the Board can order a District Committee to do any act whatever which the Board could do itself. We consider that this power is too wide and undefined and think that the following should be substituted—

"(*f*) generally to render assistance to the Board in carrying out the purposes of the Act."

Paragraphs (1) and (2) in the Report relating to clause 66.—Though we do not accept either of these proposals, they are being examined by Government.

Clause 87.—The increase of the Government contribution to Rs 5 lakhs involves abandonment of the principle recommended by the Irrigation Department Committee that the Government contribution should be based on the amount which Government will save as a result of the navigation work being made over to the Waterways Trust. We cannot agree to the amendment and think that the proposal cannot be entertained until such time as financial conditions improve considerably.

Minute of dissent by Haji Badi Ahmed Chowdhury, M.L.C.

Clause 5.—Instead of twelve trustees, it should be sixteen trustees including the Chairman of the Port Commissioners of Chittagong as one of the trustees because of the fact that the Chittagong Port occupies the second place in Bengal, so its Chairman shall have a place in the Board.

Clause 5(f).—Five representatives of the District Boards should be taken so that five Divisions are well represented in the Board.

Clause 37.—It should be so amended that in the allotment of fees to the attending members, no Government servants will be entitled to get any fees for attending a meeting.

Clause 66.—I think in place of the words "the Board may" the words "the Board shall" should be substituted.

Minute of dissent by Mr. C. R. Sumner, M.L.C.

The rivers of Bengal constitute the natural outlet for a large part of the produce and of the traffic in goods and passengers passing to and from many of the Provincial districts.

It is desirable that the rivers shall be maintained and improved, for the health of the Province and for the transport of traffic, and that those who make use of the rivers shall share in any surcharge levied for this purpose.

In the introduction of legislation to this end, I consider it essential to avoid any basis of taxation which may result in a decreased revenue to the Trust from a diversion to other carrying media of traffic at present conveyed by river.

I consider that due attention must be afforded to the fact that much of this traffic is inter-provincial, passing between Calcutta-Chittagong and many districts of Assam and of Bihar and Orissa (and *vice versa*). It is essential that traffic from all sources should share *pro rata* in the Waterways surcharge, otherwise a serious reduction in the revenue derived from inter-provincial traffic is inevitable.

Joint minute of dissent by Mr. W. H. Thompson, M.L.C., and Mr. C. R. Sumner, M.L.C.

In regard to the recommendations of the Report against clause 66, we consider it of the greatest importance, in order not to divert traffic from the Waterways to the Railways, that a tax in the nature of a terminal tax on goods and passengers booked by rail to, from or through such stations as Goalundo, Chandpur, Naraingunge, Serajgunge, etc., etc., shall be imposed, and after both clause 66 and the new section which will impose such a terminal tax we would add the proviso—

"Provided that in fixing such percentages the Board shall take into consideration the existing competitive rates by rail and river routes, and shall not impose a percentage which will place steam-vessels in a disadvantageous position."

Minute of dissent by Mr. S. M. Bose, M.L.C.

Clause 66.—I cordially, support the two recommendations in the Report, but I would point out that the additional levy which would be passed on by the steamer and the railway companies will increase the cost to the public, with the result that revenue from this source may fall off. I think the present charges made by the steamer companies are high and are in no sense competitive, these being fixed in many places where there is heavy traffic, by agreement between them and the railways. It is well known that the cost of water transport is much cheaper than cost of rail transport, and I see no reason why the steamer rates should not be lower than the railway rates. I think that this fact should be borne in mind in fixing rates, otherwise the Waterways Board will lose an important source of revenue.

Minute of dissent by Mr. N. K. Basu, M.L.C.

Clause 5.—I dissent from the provisions of clause 5(*b*) and (*g*). There is no case made out for the Port Commissioners to be represented among the trustees and in clause (*g*) it ought to be made clear that the nominees of the Local Government are to be non-official.

Clause 58.—In line 5, in this clause, for the words "the district committee," the words "each such district committee" should be substituted.

There are one or two other minor points which I need not dilate on here.

Minute of dissent by Khan Bahadur Maulvi Azizul Haque, M.L.C.

I regret that owing to domestic mishaps I could not take part in the deliberations of the Select Committee throughout. I, therefore, sign this report, subject to this note that I reserve my opinions for the Council and that the Bill requires substantial modifications before being acceptable.

Rule.

The Bengal Services (Compulsory Retirement) Rules, 1933, shall remain in force from the 1st January 1934 to the 31st December 1934.

No. 561F.—18th January 1934.—In exercise of the powers conferred by rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules, and with the previous sanction of the Governor-General in Council as required by rule 11 of these rules, the Governor in Council and acting with his Ministers hereby makes the following rules in supersession of all existing rules and orders relating to special or contributory provident funds maintained by Government for non-pensionable Government servants, whose conditions of service are determinable by the local Government:—

Contributory Provident Fund Rules (Bengal).

Short Title and Definitions.

1. (1) These rules may be called the Contributory Provident Fund Rules (Bengal).

(2) They shall come into force on the 1st April 1934.

2. (1) In these rules, unless there is anything repugnant in the subject or context:—

(*i*) *Account Officer* means the Acountant-General, Bengal;

(*iv*) *Leave* means any variety of leave recognized by the Fundamental Rules or the Civil Service Regulations, whichever may be applicable to the subscriber;

(*v*) *The Fund* means the Contributory Provident Fund (Bengal); and

(*vi*) *Year* means a financial year.

(2) Any other expression employed in these rules which is defined in the Fundamental Rules is used in the sense therein defined.

Constitution and Management of the Fund.

3. The Fund shall be administered by the local Government, and shall be maintained in India in rupees.

4. (1) These rules shall apply to every non-pensionable Government servant whose conditions of service are determinable by the local Government, who—

(*a*) has been admitted before these rules came into force to the benefits of a special or contributory provident fund maintained by Government, or

(*b*) may be admitted by the local Government to the Fund after these rules come into force:

Provided that these rules shall not apply to any such servant between whom and Government an agreement subsists in respect of a provident fund, other than an agreement providing for the application to him of these rules, and, in the case of an agreement so providing, shall apply subject to the terms of such agreement:

(2) Every Government servant to whom these rules apply shall be a subscriber to the Fund.

(3) The balance at the credit of any Government servant in any such fund as is referred to in clause (*a*) of sub-rule (1) shall, with effect from the date on which these rules become applicable to him, be transferred to his credit in the Fund.

Nomination.

5. (1) The Account Officer shall, as soon as may be, require every subscriber to make a nomination conferring the right to receive the amount that may stand to his credit in the Fund in the event of his death before quitting the service.

(2) A subscriber who, at the time of joining the Fund, has a family, shall send to the Account Officer a nomination in the Form set forth in the First Schedule in favour of one or more members of his family.

(3) A subscriber who has no family may similarly nominate a person or persons in the Form set forth in the Second Schedule:

Provided that a nomination made under this sub-rule shall be deemed to have been duly made in accordance with these rules only for so long as the subscriber has no family.

(4) If a subscriber at any time acquires a family, he shall send to the Account Officer a nomination as provided in sub-rule (2) and, if he has under sub-rule (3) nominated any person other than a member of his family, he shall formally cancel the previous nomination.

(5) A subscriber may in his nomination distribute the amount that may stand to his credit in the Fund amongst his nominees at his own discretion.

(6) A nomination may be cancelled by a subscriber and replaced by any nomination which is permitted to be made under this rule.

Subscribers' accounts.

6. An account shall be opened in the name of each subscriber, in which shall be credited—

(*i*) the subscriber's subscriptions;

(*ii*) contributions made under rule 10 by Government to his account;

(*iii*) interest, as provided by rule 11, on subscriptions; and

(*iv*) interest, as provided by rule 11, on contributions.

Conditions and Rates of Subscriptions.

7. (1) Every subscriber shall subscribe monthly to the Fund when on duty or foreign service.

(2) A subscriber may, at his option, subscribe during leave.

(3) The option of a subscriber under sub-rule (2) shall be intimated to the Account Officer before the subscriber proceeds on leave and shall be final.

8. (1) The amount of subscriptions shall be fixed by the subscriber himself, subject to the following conditions:—

(*a*) It shall be expressed in whole rupees.

(*b*) (*i*) It may be any sum, so expressed, not less than 6¼ per cent. of emoluments (*i.e.*, one anna in the rupee) and not more than 15 5/8 per cent. (*i.e.*, 2½ annas in the rupee).

(*ii*) Emoluments for the purposes of this rule shall be calculated at the rate payable in respect of the 31st March of the preceding year:

Provided that, if the subscriber is not in service or is on leave or under suspension on the 31st March of the preceding year, his emoluments shall be calculated at the rate payable in respect of the first day after his assumption of or return to duty:

Provided also that, if the subscriber is on deputation out of India on the 31st March of the preceding year, his emoluments shall be calculated at the rate which would have been payable had he been on duty in India:

Provided also that, if the emoluments of the subscriber are of a fluctuating nature, they shall be calculated in such manner as the local Government may direct.

(2) The subscriber shall intimate the fixation of the amount of his monthly subscription in each year in the following manner:—

(*a*) if he is on duty on the 31st March of the preceding year, by the deduction which he makes or causes to be made in this behalf from his pay bill for that month;

(*b*) if he is not subject to these rules on the 31st March of the preceding year, by the deduction which he makes or causes to be made in this behalf from his first pay bill after his becoming subject to these rules;

(*c*) if he is not in service or is on leave or under suspension on the 31st March of the preceding year, by the deduction which he makes or causes to be made in this behalf from his first pay bill after his assumption of or return to duty;

(*d*) if he is on foreign service on the 31st March of the preceding year, by written intimation to the Account Officer before the 1st April of the current year;

(*e*) if his emoluments are of the nature referred to in the third proviso to sub-rule (1), in such manner as the local Government may direct.

(3) If the amount of subscription payable contains a fraction of a rupee, it shall be rounded to the nearest whole rupee (eight annas counting as the next higher rupee).

(4) The amount of subscription so fixed shall remain unchanged throughout the year:

Provided that if a subscriber is on duty for a part of a month and on leave for the remainder of that month, and if he has elected not to subscribe during leave the amount of the subscription payable shall be proportionate to the number of days spent on duty in the month.

Realisation of Subscriptions.

9. (1) When emoluments are drawn from a Government treasury in India or from the Home or a Colonial treasury, recovery of subscriptions on account of these emoluments and of the principal and interest of advances shall be made from the emoluments themselves; except that, when emoluments other than sterling overseas pay are so drawn in India, deductions in respect of sterling overseas pay, when admissible, shall be made in India.

(2) When emoluments are drawn from any other source the subscriber shall forward his dues monthly to the Account Officer.

Contribution by Government.

10. (1) Government shall, with effect from the 31st March of each year, make a contribution to the account of each subscriber:

Provided that if a subscriber quits the service or dies during a year, contribution shall be credited to his account for the period between the close of the preceding year and the date of the casualty.

(2) The contribution shall be such percentage of the subscriber's emoluments drawn on duty during the year or period, as the case may be, as has been or may be prescribed by the local Government by general or special order.

(3) If a subscriber is on deputation out of India, the emoluments which he would have drawn had he been on duty in India shall, for the purposes of this rule, be deemed to be emoluments drawn on duty.

(4) Should a subscriber elect to subscribe during leave, his leave salary shall, for the purposes of this rule, be deemed to be emoluments drawn on duty.

(5) The amount of any contribution payable in respect of a period of foreign service shall, unless it is recovered from the foreign employer, be recovered by Government from the subscriber.

(6) The amount of contribution payable shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

Interest.

11. (1) Government shall pay to the credit of the account of a subscriber interest, at such rate as the Governor-General in Council may from time to time prescribe for the payment of interest on subscriptions to the General Provident Fund, on the amount at his credit in the Fund.

(2) Interest shall be credited with effect from the 31st March of each year in the following maner:—

(*i*) on the amount at the credit of a subscriber on the 31st March of the preceding year, less any sums withdrawn during the current year—interest for twelve months;

(*ii*) on sums withdrawn during the current year—interest from the 1st April of the current year up to the last day of the month preceding the month of withdrawal;

(*iii*) on all sums credited to the subscriber's account after the 31st March of the preceding year—interest from the date of deposit up to the 31st March of the current year;

(*iv*) the total amount of interest shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

(3) For the purposes of this rule the date of deposit shall, in the case of recoveries from emoluments, be deemed to be the first day of the month in which they are recovered; and, in the case of amounts forwarded by the subscriber, shall be deemed to be the first day of the month of receipt, if they are received by the Account Officer before the fifth day of that month, or, if they are received on or after the fifth day of that month, the first day of the next succeeding month.

(4) In addition to any amount to be paid under rule 27, interest thereon up to the end of the month preceding that in which payment is made, or up to the end of the sixth month after the month in which such amount became payable, whichever of these periods be less, shall be payable to the person to whom such amount is to be paid:

Provided that no interest shall be paid in respect of any period after the date which the Account Officer has intimated to that person (or his agent) as the date on which he is prepared to make payment in cash, or if he pays by cheque, after the date on which the cheque in that person's favour is put in the post.

(5) Interest shall not be credited to the account of a Muhammadan subscriber if he informs the Account Officer that he does not wish to receive it; but if he subsequently asks for interest, it shall be credited with effect from the 1st April of the year in which he asks for it.

(6) The interest on amounts which, under sub-rule (3) of rule 17, or sub-rule (3) of rule 19, or sub-rule (1) of rule 20 or sub-rule (1) or sub-rule (2) of rule 21 or rule 23 or rule 24 are replaced at the credit of the subscriber in the Fund, shall be calculated at such rates as may be successively prescribed under sub-rule (1) of this rule and so far as may be in the manner described in this rule.

Advances from the Fund.

12. (1) A temporary advance may be granted to a subscriber from the amount standing to his credit in the Fund at the discretion of the authority specified in sub-rule (2), subject to the following conditions :—

(*a*) the subscriber shall satisfy that authority of the necessity for the advance;

(*b*) that authority shall record in writing its reasons for granting the advance; and

(*c*) the advance shall not, save in exceptional cases for reasons to be recorded in writing by that authority, exceed three months' emoluments; and shall, in no case, exceed the amount of subscriptions and interest thereon standing to the credit of the subscriber in the Fund at the time when the advance is granted.

(2) The authority competent to grant an advance—

(*a*) (*i*) exceeding three months' pay, or

(*ii*) within twelve months of the final repayment of all previous advances together with interest thereon,

shall be the authority competent to dismiss the subscriber, or in the case of a subscriber appointed by the Secretary of State in Council, the local Government.

(*b*) in any case not specified in clause (*a*), shall be the authority competent to pass censure on the subscriber.

13. An advance shall not, except for special reasons to be recorded in writing by the sanctioning authority, be granted under rule 12 until at least twelve months after the final repayment of all previous advances together with interest thereon.

14. (1) An advance shall be recovered from the subscriber in such number of equal monthly instalments as the sanctioning authority may direct; but such number shall not be less than twelve unless the subscriber so elects, or in any case more than twenty-four. A subscriber may, at his option, make repayment in a smaller number of instalments than that prescribed. Each instalment shall be a number of whole rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalments.

(2) Recovery shall be made in the manner provided in rule 9 for the realisation of subscriptions and shall commence on the first occasion after the advance is made on which the subscriber draws emoluments, other than leave salary or subsistence grant, for a full month. Recovery shall not be made while the subscriber is on leave or in receipt of subsistence grant and may be postponed by the sanctioning authority during the recovery of an advance of pay granted to the subscriber.

(3) If more than one advance has been made to a subscriber, each advance shall be treated separately for the purpose of recovery.

(4) (*a*) After the principal of the advance has been fully repaid, interest shall be paid thereon at the rate of one-fifth per cent. of the principal for each month or broken portion of a month during the period between the drawal and complete repayment of the principal.

(*b*) Interest shall ordinarily be recovered in one instalment in the month after complete repayment of the principal; but, if the period referred to in clause (*a*) exceeds twenty months, interest may, if the subscriber so desires, be recovered in two equal monthly instalments. The method of recovery shall be that provided in sub-rule (2). Payments shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

(5) Recoveries made under this rule shall be credited, as they are made, to the account of the subscriber in the Fund.

Payments towards Insurance Policies and Family Pension Funds.

15. Subject to the conditions contained in rules 16 to 22—

(*a*) (*i*) subscriptions to a family pension fund approved in this behalf by the local Government,

(*ii*) payments towards an insurance policy,

may, at the option of a subscriber, be substituted for the whole or part of subscriptions to the Fund;

(*b*) the amount of subscriptions with interest thereon standing to the credit of a subscriber in the Fund may be withdrawn to meet—

(*i*) payments towards an insurance policy;

(*ii*) purchase of a single payment insurance policy;

(*iii*) payment of single premia or subscriptions to a family pension fund approved in this behalf by the local Government.

Provided that no amount shall be withdrawn to meet any payment or purchase made or effected more than twelve months before the withdrawal.

(*c*) Any amount withdrawn under clause (*b*) shall be paid in whole rupees only rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

16. (1) If the total amount of any subscriptions or payments substituted under clause (*a*) of rule 15 is less than the amount of the minimum subscription payable to the Fund under rule 8, the difference shall be rounded off to the nearest rupee in the manner provided in sub-rule (3) of rule 8 and paid by the subscriber as a subscription to the Fund.

(2) If the subscriber withdraws any amount standing to his credit in the Fund for any of the purposes specified in clause (*b*) of rule 15, he shall, subject to his option under clause (*a*) of that rule, continue to pay to the Fund the subscription payable under rule 8.

17. (1) A subscriber who desires to substitute a subscription or payment under clause (*a*) of rule 15 may reduce his subscription to the Fund accordingly:

Provided that the subscriber shall—

(*a*) intimate to the Account Officer on his pay bill or by letter the fact of, and reason for, the reduction;

(*b*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount by which the subscription has been reduced was duly applied for the purposes specified in clause (*a*) of rule 15.

(2) A subscriber who desires to withdraw any amount under clause (*b*) of rule 15 shall—

(*a*) intimate the reason for the withdrawal to the Account Officer by letter;

(*b*) make arrangements with the Account Officer for the withdrawal;

(*c*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount withdrawn was duly applied for the purposes specified in clause (*b*) of rule 15.

(3) The Account Officer shall order the recovery of any amount by which subscriptions have been reduced, or any amount withdrawn, in respect of which he has not been satisfied in the manner required by clause (*b*) of sub-rule (1) and clause (*c*) of sub-rule (2), with interest thereon at the rate provided in rule 11, from the emoluments of the subscriber and place it to the credit of the subscriber in the Fund.

18. (1) Government will not make any payments on behalf of subscribers to insurance companies, nor take steps to keep a policy alive.

(2) It is immaterial what form the policy takes, provided that it shall be on the life of the subscriber himself and shall (unless it is a policy expressed on the face of it to be for the benefit of his wife, or of his wife and children, or any of them) be such as may be legally assigned by the subscriber himself to the Secretary of State in Council.

Explanation.—A policy on the joint lives of the subscriber and his wife shall be deemed to be a policy on the life of the subscriber himself for the purpose of this sub-rule.

(3) The policy may not be effected for the benefit of any beneficiary other than the wife of the subscriber or his wife and children or any of them.

19. (1) The policy, within the three months after the first withholding of a subscription or withdrawal from the Fund in respect of the policy, or, in the case of an insurance company whose headquarters are outside India, within such further period as the Account Officer, if he is satisfied by the production of the completion certificate (*interim* receipt), may fix, shall—

(*a*) unless it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be assigned to the Secretary of State in Council, as security for the payment of any sum which may become payable to the Fund under rules 20 to 22, and delivered to the Account Officer, the assignment being made by endorsement on the policy in Form (1) or Form (2) of the Forms in the Third Schedule according as the policy is on the life of the subscriber or on the joint lives of the subscriber and his wife;

(*b*) if it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be delivered to the Account Officer.

(2) The Account Officer shall satisfy himself by reference to the insurance company, where possible, that no prior assignment of the policy exists.

(3) If the policy is not assigned and delivered, or delivered, within the said period of three months or such further period as the Account Officer may, under sub-rule (1), have fixed, any amount withheld or withdrawn from the Fund in respect of the policy shall, with interest thereon at the rate provided in rule 11 forthwith be paid or repaid, as the case may be, by the subscriber, to the Fund, or, in default be ordered by the Account Officer to be recovered by deduction from the emoluments of the subscriber, by instalments or otherwise, as the local Government may direct.

(4) Notice of assignment of the policy shall be given by the subscriber to the insurance company, and the acknowledgment of the notice by the insurance company shall be sent to the Account Officer within three months of the date of assignment.

NOTE 1.—Subscribers are advised to send notice of the assignment to the insurance company in duplicate, accompanied, in cases in which the notice has to be sent to a company in Great Britain or Ireland, by a remittance of five shillings, which is the fee for the acknowledgment authorised by the Policies of Assurance Act, 1867. The policy itself, bearing the assignment endorsed thereon, need not be sent to the Company, as insurance companies do not ordinarily require the production of the original instruments affecting a policy-holder's title until the policy becomes a claim.

NOTE 2.—Subscribers who proceed to Great Britain or Ireland on quitting the service are advised that under the English Stamp Law assignments or re-assignments are required to be stamped within 31 days of their first arrival in those countries. Otherwise penalty will be incurred under the Stamp Act, and difficulties may arise when the policy matures for payment.

19-A. The subscriber shall not during the currency of the policy draw any bonus the drawal of which during such currency is optional under the terms of the policy, and the amount of any bonus which under the terms of the policy the subscriber has no option to refrain from drawing during its currency shall be paid forthwith into the fund by the subscriber or in default recovered by reduction from his emoluments by instalments or otherwise as the local Government may direct.

20. (1) Save as provided by sub-rule (3) of rule 22, when the subscriber—

(*a*) quits the service, or

(*b*) has proceeded on leave preparatory to retirement and applies to the Account Officer for reassignment or return of the policy, or

(*c*) while on leave, has been permitted to retire or declared by competent medical authority to be unfit for further service and applies to the Account Officer for reassignment or return of the policy, or

(*d*) pays or repays to the Fund the whole of any amount withheld or withdrawn from the Fund for any of the purposes mentioned in sub-clause (*ii*) of clause (*a*) of rule 15 and sub-clauses (*i*) and (*ii*) of clause (*b*) of rule 15, with interest thereon at the rate provided in rule 11,

the Account Officer shall—

(*i*) if the policy has been assigned to the Secretary of State in Council under rule 19, reassign the policy in the first Form set forth in the Fourth Schedule to the subscriber or to the subscriber and the joint assured as the case may be, and make it over to the subscriber together with a signed notice of the reassignment addressed to the Insurance Company:

(*ii*) if the policy has been delivered to him under clause (*b*) of sub-rule (1) of rule 19, make over the policy to the subscriber:

Provided that, if the subscriber, after proceeding on leave preparatory to retirement, or after being, while on leave, permitted to retire or declared by competent medical authority to be unfit for further service, returns to duty, any policy so reassigned or made over shall, if it has not matured or been assigned or charged or encumbered in any way, be again assigned to the Secretary of State in Council and delivered to the Account Officer, or again be delivered to the Account Officer, as the case may be, in the manner provided in rule 19, and thereupon the provisions of these rules shall, so far as may be, again apply in respect of the policy:

Provided further that, if the policy has matured or been assigned or charged or encumbered in any way, the provisions of sub-rule (3) of rule 19 applicable to a failure to assign and deliver a policy shall apply.

(2) Save as provided by sub-rule (3) of rule 22, when the subscriber dies before quitting the service, the Account Officer shall—

(*i*) if the policy has been assigned to the Secretary of State in Council under rule 19, reassign the policy in the second form set forth in the Fourth Schedule to such person as may be legally entitled to receive it, and shall make over the policy to such person together with a signed notice of the reassignment addressed to the Insurance Company;

(*ii*) if the policy has been delivered to him under clause (*b*) of sub-rule (1) of rule 19, make over the policy to the beneficiary, if any, or, if there is no beneficiary, to such person as may be legally entitled to receive it.

21. (1) If a policy assigned to the Secretary of State in Council under rule 19 matures before the subscriber quits the service, and before his death, or if a policy on the joint lives of a subscriber and his wife, assigned under the said rule, falls due for payment by reason of the wife's death, the Account Officer shall, save as provided by sub-rule (3) of rule 22, proceed as follows:—

(*i*) if the amount assured together with the amount of any accrued bonuses is greater than the whole of the amount withheld or withdrawn from the Fund in respect of the policy with interest thereon at the rate provided in rule 11, the Account Officer shall reassign the policy in the form set forth in the Fifth Schedule to the subscriber or to the subscriber and the joint assured as the case may be, and make it over to the subscriber, who shall pay or repay to the Fund the whole of any amount withheld or withdrawn with interest, and in default, the provisions of sub-rule (3) of rule 19 applicable to a failure to assign and deliver a policy shall apply;

(*ii*) if the amount assured together with the amount of any accrued bonuses is less than the whole of the amount withheld or withdrawn with interest, the Account Officer shall realise the amount assured together with any accrued bonuses and shall place the amount so realised to the credit of the subscriber in the Fund.

(2) Save as provided by sub-rule (3) of rule 22, if a policy delivered to the Account Officer under clause (*b*) of sub-rule (1) of rule 19 matures before the subscriber quits the service and before his death, the Account Officer shall make over the policy to the subscriber:

Provided that if the interest in the policy of the wife of the subscriber, or of his wife and children, or any of them, was a contingent interest which expired when the policy matured the subscriber shall pay or repay to the Fund either—

(*i*) the whole of any amount withheld or withdrawn from the Fund in respect of the policy with interest thereon at the rate provided in rule 11, or

(*ii*) an amount equal to the amount assured together with any accrued bonuses, whichever is less, and, in default, the provisions of sub-rule (3) of rule 19 applicable to a failure to assign and deliver a policy shall apply.

22. (1) If the interest of the subscriber in the family pension fund ceases in whole or part from any cause whatsoever, the provident fund account of the subscriber shall forthwith be reimbursed by the amount of the refund, if any, secured by the subscriber from the family pension fund.

(2) If the policy lapses or becomes assigned otherwise than to the Secretary of State in Council, under rule 19, charged or encumbered, the provisions of sub-rule (3) of rule 19 applicable to a failure to assign and deliver a policy shall apply.

(3) If the Account Officer receives notice of—

(*a*) an assignment (other than an assignment to the Secretary of State in Council under rule 19), or

(*b*) a charge or encumbrance on, or

(*c*) an order of a Court restraining dealings with—
the policy or any amount realised thereon, the Account Officer shall not—

(*i*) reassign or make over the policy as provided in rule 20, or

(*ii*) realise the amount assured by the policy, or assign, or make over the policy, as provided in rule 21,

but shall forthwith refer the matter to the local Government.

Circumstances in which Accumulations are payable.

23. When a subscriber quits the service, the amount standing to his credit in the Fund shall, subject to any deduction under rule 26, become payable to him:

Provided that a subscriber, who has been dismissed from the service and is subsequently reinstated in the service, shall, if required to do

so by Government, repay any amount paid to him from the Fund in pursuance of this rule, with interest thereon at the rate provided in rule 11 in the manner provided in the proviso to rule 24. The amount so repaid shall be credited to his account in the Fund, the part which represents his subscriptions and interest thereon, and the part which represents the Government contribution with interest thereon, being accounted for in the manner provided in rule 6.

24. When a subscriber—

(*a*) has proceeded on leave preparatory to retirement, or, if he is employed in a vacation department, on leave preparatory to retirement combined with vacation, or

(*b*) while on leave, has been permitted to retire or declared by competent medical authority to be unfit for further service,

the amount of subscriptions and interest thereon standing to his credit in the Fund shall, upon application made by him in that behalf to the Account Officer, become payable to the subscriber:

Provided that the subscriber, if he returns to duty, shall, if required to do so by the local Government, repay to the Fund, for credit to his account, the whole or part of any amount paid to him from the Fund in pursuance of this rule, with interest thereon at the rate provided in rule 11 in cash or securities, or partly in cash and partly in securities, by instalments or otherwise, by recovery from his emoluments or otherwise, as the local Government may direct.

(*b*) if no such nomination in favour of a member or members of the family of the subscriber subsists, or if such nomination relates only to a part of the amount standing to his credit in the Fund, the whole amount or the part thereof to which the nomination does not relate, as the case may be, shall, notwithstanding any nomination purporting to be in favour of any person or persons other than a member or members of his family, become payable to the members of his family in equal shares:

Deductions.

26. Subject to the condition that no deduction may be made which reduces the credit by more than the amount of any contribution by Government with interest thereon credited under rules 10 and 11, before the amount standing to the credit of a subscriber in the Fund is paid out of the Fund, the local Government may direct the deduction therefrom and payment to Government of—

Provided that, if the order of dismissal is subsequently cancelled, the amount so deducted shall, on his reinstatement in the service, be replaced at his credit in the Fund;

(2) A subscriber shall communicate his option under sub-rule (1) by letter to the Account Officer within three months of the date of the order transferring him permanently to pensionable service; and, if the communication is not received in the office of the Account Officer within that period, the subscriber shall be deemed to have exercised his option in the manner referred to in clause (*a*) of that sub-rule.

REGULATIONS FOR OIL MINES.

1. (*1*) These regulations may be called the Indian Oil Mines Regulations, 1933.

(*b*) "the District Magistrate", in relation to any mine, means the District Magistrate of the District in which the mine is situated:

Provided that in the case of a mine which is situated partly in one district and partly in another, the District Magistrate for the purpose of these regulations shall be the District Magistrate authorised in this behalf by the Local Government;

(*c*) "the Warden" means the officer appointed to be Warden under the Burma Oil-fields Act, 1918, and includes an Assistant Warden;

(*d*) "Form" means a form as set out in the Schedule;

3. Nothing in these regulations shall be deemed to affect any power conferred upon the Local Government or any officer by or under the Burma Oil-fields Act, 1918.

CHAPTER I.

RETURNS, NOTICES AND RECORDS.

4. (*1*) On or before the 21st day of January in each year the owner, agent or manager of every mine shall forward to the District Magistrate, and to the Chief Inspector and to the Warden annual returns in respect of the preceding year in the following forms:—

I, II, III, IV, V, VI and VII.

(*2*) If any mine is abandoned or the working of any mine has been discontinued over a period exceeding three months, or if a change occurs

in the ownership of any mine, the returns required by sub-regulation (*1*) shall be submitted, within one month from the date of abandonment or change of ownership or within four months from the date of discontinuance:

Provided that the Chief Inspector may by order in writing extend the period for the submission of such returns up to any date not later than the twenty-first day of January in the year following that to which they relate:

Provided further that nothing in this sub-regulation shall be deemed to authorise the submission of any return later than the twenty-first day of January in the year following that to which it relates.

5. The notice required by section 14 of the Act shall be furnished in triplicate and shall specify the name and situation of the mine, the names and addresses of the owner and the manager, and, in the case of a new mine, the date on which it was opened. The District Magistrate shall, on receipt of the notice, forward one copy thereof to the Chief Inspector and one copy to the Warden.

6. When a mine has been abandoned, or the working thereof has been discontinued over a period exceeding two months, the owner of the mine shall, within seven days after the abandonment or within seven days after expiry of the said period, as the case may be, send to the Chief Inspector and to the Warden notice in writing specifying the name and situation of the mine, the name and address of the owner, and the date and cause of the abandonment or discontinuance.

7. When a mine is re-opened after abandonment or discontinuance, the owner, agent or manager shall, within seven days after the date of the re-opening, send to the District Magistrate notice in writing in triplicate, specifying the name and situation of the mine, the names and addresses of the owner and the manager, and the date of the re-opening. 9. When any new appointment is made of an agent or manager of a mine, or any change of address of any agent or manager occurs, notice of the appointment or change and of the date thereof shall be sent by the owner, agent or manager to the Chief Inspector and the Warden within seven days from the date of the appointment or change.

10. When the ownership of a mine is transferred, the previous owner or his agent or manager, shall make over to the new owner all plans, books and other records required to be kept under the Act, and all correspondence relevant to the working of the mine with the Department of Mines and other Government departments.

11. If the owner, agent or manager of any mine intends to conduct or extend any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, or of any public work in respect of which this regulation is applicable by reason of any general or special order of the Local Government under clause (*u*) of section 29 of the Act, he shall, not less

than sixty days before commencing such operations, give notice of his intention to the Chief Inspector and the Warden, and also, in the case of a railway, to the Railway Administration concerned or, in the case of any such public work as aforesaid, to such authority as the Local Government may by general or special order direct.

12. The notice to be given under regulation 11 shall specify the position of the workings of the mine in relation to the railway or public work in question, the manner in which it is proposed to carry out the intended new operations, and the limits to which it is proposed to carry the said operations, and shall include a plan showing the existing and the intended mining operations in so far as they affect the railway or public work in question.

13. If the operations in respect of which notice is given under regulation 11 are not commenced within 12 months from the expiry of the period of sixty days therein referred to, the notice shall be held to have lapsed and the provisions of that regulation shall apply as if no such notice had been given.

14. When any accident occurs in or about a mine causing loss of life, or serious bodily injury, or when an accidental explosion, ignition, outbreak of fire or irruption of water or other dangerous occurrence occurs in or about a mine, the owner, agent or manager of the mine shall forthwith inform the Inspector and the Warden by telephone or telegraph and shall also, within twenty-four hours of the occurrence of such accident, explosion, ignition, outbreak, irruption or other dangerous occurrence send notice thereof in Form VIII to the District Magistrate or to the Sub-divisional Magistrate, and also to the Chief Inspector and the Warden.

15. CHAPTER II.

PLANS.

The name of the mine and of its owner and the scale shall be shown on the plan and sections and the magnetic meridian with date shall be shown on the plan. The plans and sections shall also show all shafts, drives, crosscuts, winzes, rises, excavations, and any tunnels and passages connected therewith. They shall also show the boundaries of the underground leasehold, where possible, and all important surface features within the boundaries, such as railways, roads, rivers, streams and reservoirs which overlie any part of the workings or any point within 600 feet of any part of the mine workings, also the general strike and thickness of the oil, gas and water sands with their dips at different points, and the known dislocations of the strata.

17. The owner, agent or manager of every mine shall, at any time on the request of the Chief Inspector or of any Inspector, produce to him at the office at the mine such plans and sections, and also, on the like request, mark on such plans and sections the state of the workings of the mine at the time; and the Chief Inspector or Inspector shall be entitled to examine the plans and the sections, and to make or have a copy made of any part thereof for official purposes.

18. If any mine or any considerable part of a mine is abandoned, or the working thereof has been discontinued over a period exceeding one year, the person who was the owner of the mine at the time of the abandonment or discontinuance shall, within three months after the abandonment or within fifteen months after the discontinuance of working, as the case may be, send to the Chief Inspector and to the Warden accurate plans and sections of the workings of the mine up to the time of the abandonment or discontinuance:

Provided that if a change of ownership occurs after the abandonment or discontinuance and before the expiry of the three months or the fifteen months aforesaid, as the case may be, such plans and sections shall be sent forthwith.

19. After the expiry of ten years from the date of abandonment or discontinuance of working in any mine or in any considerable part of a mine, or, where the consent of the owner of the mine for the time being has been obtained, prior to the expiry of the said period, the Chief Inspector or the Warden may, on such conditions as he thinks fit to impose, permit any person having interest in the said mine or part of the mine to inspect the plan or section of such mine or part of the mine sent to him in accordance with the provisions of Regulation 18, and he may, subject to such conditions as he thinks fit to impose, supply to any such person copies of the said plan or section.

CHAPTER III.

MANAGEMENT.

20. For every mine a book, to be called the Inspection Book, shall be kept in which Inspectors may record their observations. The owner, agent or manager shall write or cause to be written at the commencement of the book:—

(*a*) the name of the mine,

(*b*) the names and addresses of the owner of the mine and of the agent, if any, and of the manager of the mine.

21. The owner or agent of every mine shall appoint a competent person of not less than 25 years of age to be manager of the mine. If any question arises whether any person so appointed is competent to perform the duties of manager, the decision of the Chief Inspector shall be final.

22. One person may be appointed manager of more mines than one, provided that the size of such mines and the distance between them is not so great as to preclude the proper and thorough performance by such manager of his duties in respect of each such mine. The decision of the Chief Inspector shall be final on any question arising out of this regulation.

23. Personal supervision shall be exercised by the Manager. Where by reason of absence or for any other reason he is unable to perform the duties required of him by the Act, regulations, rules and bye-laws, the owner, agent or manager shall authorise in writing a person, whom he considers competent, to act as manager of the mine.

24. The manager of every mine shall appoint in writing such number of competent persons as will be sufficient to secure a thorough supervision of all the operations in the mine and the enforcement of the requirements of the Act and of the regulations, rules and bye-laws made thereunder. He shall assign to every such person his particular duties, shall on his appointment make over to him a copy of the regulations, rules and bye-laws which affect him and shall take all possible steps to ensure that every such person understands, carries out and enforces the provisions therein contained. Copies of all appointments made by the manager shall be kept in the office at the mine.

25. No person shall be appointed to carry out the inspection required by Regulation 50 unless he has attained the age of 21 years and has had sufficient practical experience of the working of mines and is competent to detect the presence of gas. If any question arises whether the person so appointed is competent to carry out the duties required of him, the decision of the Chief Inspector shall be final.

CHAPTER IV.

TRANSPORT OF PERSONS OR MATERIALS.

26. (*1*) At every mine where more than twenty persons are employed underground, or where in the opinion of the Chief Inspector it is necessary, there shall be at least two shafts or outlets, not nearer to one another than 100 feet, affording separate means of ingress and egress available to all the persons employed in the mine.

(*2*) Proper arrangements shall be made for persons to descend to, and ascend from, the mine at each of such shafts or outlets. If apparatus is necessary, it shall be kept on the works belonging to the mine and shall be constantly available for use.

(*3*) The foregoing provisions of this regulation with respect to shafts and outlets shall not apply—

(*i*) while a shaft is being sunk or an outlet is being made;

(*ii*) to any workings for the sole purpose of making a communication between two or more shafts or outlets, provided that not more than twenty persons are employed in making such communication.

27. At every shaft or incline where persons or materials are lowered or raised by means of machinery the following provisions shall have effect, namely:—

(*a*) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane, except for the short coupling chain attached to a cage, skip, wagon or bucket.

(*b*) Ropes used in raising and lowering persons and all cappings or sockets and shackles shall be of the best materials and

kept in good condition. The working load shall at no time be more than one-sixth of the breaking load of the rope. A similar spare rope shall always be kept in reserve at mines where there is only one hoisting shaft.

(*c*) There shall be attached to every machine worked by mechanical power, and used for raising and lowering persons, one or more brakes of sufficient power by themselves to hold the cage, skip, wagon or bucket, when loaded, at any point in the shaft, and a proper indicator (in addition to any mark on the rope) showing to the person who works the machine the position of the cage, skip, wagon or bucket in the shaft; and if the drum is not on the crank shaft, there shall be an adequate brake on the drum shaft:

Provided that in the case of a shaft or winze not exceeding 100 feet in depth or a shaft or winze in course of sinking so much of this clause as requires an indicator shall not apply.

(*d*) Every apparatus on or in which persons ride in a working shaft shall be provided with a sufficient cover overhead, except—

(*i*) in that portion of a shaft which is being extended by sinking, or

(*ii*) where persons are employed at work in a shaft.

(*e*) Every working shaft used for the purpose of drawing minerals or for lowering or raising persons shall, if exceeding 150 feet in depth, be provided with proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use between the surface and the bottom of the shaft, to the surface, and from the surface to the bottom of the shaft and to every entrance for the time being in use between the surface and the bottom of the shaft. There shall also be proper means of transmitting distinct and definite signals from the top of every winding shaft to the winding engine. All signals shall be transmitted by mechanical or electrical means:

Provided that if electrical means are used electrical apparatus shall be of a type approved by the Chief Inspector.

(*f*) (*i*) The first three or principal signals shall be:—

One rap or bell	..	RAISE when engine at rest,
One rap or bell	..	STOP when engine in motion,
Two raps or bells	..	LOWER,
Three raps or bells	..	MEN ready to ascend or descend.
Three raps or bells	..	IN REPLY. Men may enter the cage or other conveyance.

Provided that an alternative code may be used where the written permission of the Chief Inspector has been obtained.

(*ii*) Any other signals shall be in addition to, and shall not interfere with the foregoing.

(*iii*) A printed copy of the code of shaft signals shall be posted at the shaft top and at every inset, and also at the winding engine.

(*g*) Every working shaft used for lowering or raising persons by machinery, other than machinery operated by hand labour, shall, if it exceeds 150 feet in depth, be provided with guides to within not less than 100 feet from the bottom of the shaft.

(*h*) Adequate stationary lights shall be provided and used during working hours:—

(*1*) at all places where persons have to work underground in the immediate vicinity of shafts,

(*2*) after dark at the tops of all working shafts and at all winding engines used for raising and lowering persons.

(*i*) There shall be on the drum of every machine used for lowering or raising persons such flanges, horns or other appliances as may be sufficient to prevent the rope from slipping. The rope shall be securely fastened to the drum, and there shall be at least two turns of the rope on the drum when the cage, skip, bucket or box is at the bottom of the shaft.

(*j*) Every cage shall be provided with catches or some other suitable contrivance to prevent tubs from falling out, and shall, if used for lowering or raising persons, be covered in completely at the top and closed in at the two sides in a manner sufficient to prevent persons or things from projecting beyond the sides, and shall be provided with suitable gates or other rigid fences and with a rigid hand bar fixed in a position where it can be easily reached by all persons in the cage.

(*k*) The manager, or a competent person or persons appointed by the manager for the purpose shall, once at least in every 24 hours, examine the state of the external parts of the machinery and of the head-gear, ropes, chains, cages, guides, and conductors in the shafts and other similar appliances of the mine which are in actual use, both underground and above ground, and, if more than twenty persons are employed in the mine simultaneously, shall without delay write or cause to be written a full and accurate report of the result of such examination. Every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the examination.

28. Not more than such number of persons as may be authorised by the manager shall be allowed to ride in the same cage, tub, skip or bucket at one time and a notice specifying the authorised number shall be posted at the top of every shaft and at every inset in a shaft.

29. No person shall ride in a shaft on, or against, a loaded cage, skip, bucket or box.

30. No person shall get on or off a cage, skip, tub or bucket used for lowering or raising persons after the same has been set in motion, or leave it until it has reached the appointed stopping place; nor shall any person ride on the top or edge of any cage, skip, bucket or box except when engaged upon work in the shaft.

31. No person, when ascending or descending a shaft, shall take with him any tools or other bulky materials, save when engaged in repairing the shaft or when otherwise specially authorised by the manager.

Provided that, in the case of tools only, the manager may, by general order, permit the same to be carried.

32. Every person, when at or about the top or the bottom of a shaft, shall obey the orders and directions of the shaft attendants on duty at the time.

33. Every windlass, whim or whip in use at a shaft or winze shall be provided with a stopper, lynch pog or other reliable holder.

34. The bucket, skip or any wagon in the cage shall not be filled up to such a height that any of the contents can fall out, and the bottom of the cage shall be kept clean.

35. When tools, wood, etc., with ends projecting over the top of the cage, skip or bucket are being lowered or hoisted, the projecting ends shall be securely fastened to the rope or bow.

36. When the winding apparatus is not provided with some automatic contrivance to prevent overwinding, a point shall be fixed and marked on the indicator in such a way as to show when the cage or other conveyance is within a distance of twice the circumference of the drum from the completion of the wind; and when such cage or conveyance has reached such distance it shall not, if either it or the descending cage contains persons, be raised for the remaining distance at a speed exceeding three miles per hour.

37. In shafts exceeding 300 feet in depth, where persons are raised or lowered by machinery, suitable devices shall be fitted if, in the opinion of the Chief Inspector, such are required to provide against the overwinding of cages, skips or other conveyance or to safeguard persons liable to be injured in the case of an overwind.

38. At the top of every incline on which the haulage, not being endless rope or endless chain haulage, is worked by mechanical power or gravity there shall be stop-blocks or other similar contrivances to prevent wagons from running away. Additional stop-blocks or runaway switches, or some other appliance for arresting or diverting the descent of wagons in the event of a runaway, shall be fixed below the first stop-blocks at a greater distance than the length of a train of wagons. There shall also be provided and attached behind the ascending wagon or train of wagons a backstay, drag or other suitable contrivance for preventing the wagon or wagons from running back.

39. Where wagons are moved by hand no person shall permit a wagon to run uncontrolled, and, if sprags are necessary, a sufficient number shall be provided by the manager.

40. No person shall ride upon any tub, truck or wagon either underground or above ground without the permission of the manager.

CHAPTER V.

MINE WORKINGS.

41. No operations shall, without the consent in writing of the Local Government, be carried out within a distance of 100 feet of the boundary of the mining property worked in accordance with these regulations, and

if any doubt arises as to the position of the said boundary the Local Government may prohibit the person working the mine from carrying on operations within a specified portion of the area held by him until such doubt has been removed by the decision of a competent authority.

42. The sides and roofs of all shafts, galleries, roads and working places shall be made and kept secure.

43. Except in cases where the geological conditions are sufficiently known and previous permission has been obtained from the Chief Inspector all mining operations shall be preceded by the boring of a pilot hole not less than thirty feet ahead of the face of the working. The aperture of every such pilot hole shall be fitted with a casing head, blow out preventer or other device cemented in place and so constructed and maintained as to prevent any blow out of gas or oil. If in the process of drilling pilot holes or of mining, oil or gas are encountered in such quantity or with such pressure as to make the continuance of operations dangerous to life or property, such work shall be stopped and shall not be resumed until the pressure has been released.

44. The permanent supports used within 200 feet of any shaft shall be entirely composed of non-inflammable materials.

45. The lining of every shaft and of every excavation which penetrates more than one sand whether such sand contains oil, gas or water or not shall be backed with cement or treated in some other way so that the percolation or migration of fluids or gas through or behind the lining is effectually and permanently prevented.

46. Where any part of a mine is so situated that there is any danger whatever of an irruption of water into the mine, adequate protection against such an irruption shall be provided and maintained.

47. No mine or part of a mine shall be abandoned nor shall the working hereof be discontinued for a period exceeding two months unless all inlets from any oil sand or gas sand into the mine or part have been sealed off as far as is practicable so as to prevent the egress of oil or gas from the sand.

48. When a mine has been abandoned or discontinued for a period exceeding six months all openings into the mine shall be effectively sealed off at the surface.

49. No winze or other working shall be made below the level of the floor of the lowest gallery in the mine until such precautions for the prevention of the collection of gas and the safety of the workers employed herein as the Inspector may prescribe have been taken.

50. (*1*) A competent person or persons appointed for the purpose by the manager shall within such time, not exceeding two hours before the commencement of work in a shift, inspect every part of the mine and shall ascertain the condition thereof so far as the presence of gas, ventilation, roof and sides and general safety are concerned. The result of every such inspection shall be recorded in a book kept at the mine for the purpose.

(*2*) A like inspection shall be made at least twice in the course of each shift, and at least once in every five hours during which the shift

continues, of all parts of the mine, but it shall not be necessary to record the result of such inspections in a book unless the last inspection in a shift is the inspection required to be made under sub-regulation (*l*).

51. Every report shall be made by the person inspecting, either when underground or immediately on his return to the surface, and shall be a full and accurate report of the inspection, specifying whether or not, and where, if anywhere, noxious or inflammable gas was found, and whether or not any and, if any, what defects in roof or sides and other sources of danger were observed. The report shall be signed by the person who made the inspection and shall state the date and time of the inspection and the date and time when the report was written.

52. No workman shall enter or be permitted to enter the mine until every part of the mine has been examined in the manner prescribed in sub-regulation (*l*) of Regulation 50.

53. Every place where work is carried on or where men are stationed or pass shall be placed under the charge of a competent person appointed by the manager or underground manager.

54. If any part of a mine is found to be unsafe, all persons except those engaged in saving life or in removing the danger shall be withdrawn immediately from the dangerous area, and all approaches to the area shall be securely fenced so as to prevent unauthorised persons entering it until the danger has been removed.

55. No person shall work in any place other than a place in which he has been ordered to work by an official of the mine or by any person in whose charge he has been placed by an official of the mine.

CHAPTER VI.

VENTILATION AND LIGHTING.

56. An adequate amount of ventilation shall be constantly produced in every mine to dilute and render harmless inflammable and noxious gases to such an extent that the working places of the shafts, levels and workings of the mine, and the travelling roads to and from these working places, shall be in a safe state for persons working or passing therein. If the percentage of inflammable gas in the main return airway exceeds 0·6 per cent. the mine shall be deemed to be unsafe and the steps prescribed by Regulation 54 shall be taken.

57. Means shall be provided on the surface for reversing the ventilation if and when required.

58. At least once in every week the quantity of air in the main air currents and splits shall be measured, and at least once in every twenty four hours a sample of the air in the main return airways shall be taken and analysed, and records of the same shall be maintained in a book to be kept at the mine.

59. Electric lamps connected to a lighting or power circuit shall not be used underground in the return airway or at any point more than 200 feet from the bottom of the downcast shaft. If it is the intention to reverse the direction of the air current the supply of electric current to such lamps shall first be cut off, and the same shall be done in the event of a failure of the air current:

Provided that the Chief Inspector may, by order in writing, and subject to such conditions as he may impose permit the use of self-contained lighting apparatus in which electric lamps are supplied from a generator operated by compressed air. All such apparatus shall be of a type approved by the Chief Inspector.

60. Except as provided for in Regulation 59 no lamp other than an electric safety lamp of a type approved by the Chief Inspector for use in oil mines shall be used in a mine.

61. (*1*) All safety lamps shall be kept in a lamp-room and shall be in charge of a lamp-man authorised in writing for the purpose by the manager.

(*2*) All safety lamps in ordinary use shall be numbered and such record shall be kept of the persons to whom the lamps are issued that the user of any particular lamp can at any time be identified from the record.

(*3*) The lamp-man shall examine and lock securely all safety lamps before they are taken into the workings for use, and such lamps shall not be used until they have been so examined and found to be in safe working order and securely locked.

62. The banksman or other competent person appointed by the manager for the purpose shall examine every safety lamp at the surface immediately before it is taken underground for use and shall assure himself as far as practicable from external observation that each lamp is in safe working order and securely locked.

63. (*1*) No safety lamp shall be unlocked underground, and unlocking on the surface shall only be done at the lamp-room.

(*2*) No person other than a person authorised by the manager to examine and lock safety lamps shall take or give out for use any safety lamps, or unlock or open or attempt to unlock or open any safety lamp.

64. (*1*) No person shall have in his possession when underground any unlocked safety lamp, naked light, match, smoking apparatus, or any apparatus of any kind for striking a light, and if it appears to any person that any safety lamp in his possession is defective or insecure he shall at once remove it from the mine and return it to the person authorised to issue safety lamps.

(*2*) With the object of preventing any substance such as matches or smoking appliances being taken into the mine the manager shall arrange for the systematic search of every person immediately before such person enters the mine; and no person shall enter or be permitted to enter the mine until such search has been made. The method of search shall be one which has been approved by the Chief Inspector.

65. No person shall wilfully damage, or improperly use, or by improper means extinguish, any safety lamp.

66. In any underground part of the mine where adequate stationary lights are not in use, every person shall carry a light.

CHAPTER VII.

PRECAUTIONS TO PREVENT FIRE AND EXPLOSIONS.

67. Explosives shall be used in or about a mine only with the permission of the Chief Inspector and subject to such conditions as he may impose.

68. Electricity for power purposes shall not be used underground except with the consent of the Chief Inspector and under such conditions as he may approve.

69. Air from air compressing plant shall be cleaned and freed from oil fumes before being used underground.

70. (*a*) An area on the surface round the top of each shaft or entrance to a mine shall be securely fenced so as to prevent the ingress of any persons except through gates. The fence shall not be placed nearer than 150 feet from the shaft or entrance.

(*b*) Areas on the surface used for the purpose of dumping sand containing oil shall be securely fenced so as to prevent the ingress of any person except through gates.

(*c*) Such areas shall be known as danger areas, and notices to this effect shall be displayed around each such area.

71. (*a*) No person shall enter any danger area without the permission of the manager.

(*b*) Within any danger area—

(*i*) no person shall have in his possession any match, smoking apparatus or means for striking a light;

(*ii*) no person shall light or cause or permit to be lighted or used any fire or naked light;

(*iii*) no inflammable material shall be stored;

NOTE.—Nothing in this sub-regulation shall preclude the dumping of sand containing oil in a danger area separate from a danger area surrounding a shaft.

(*iv*) except for the materials used in the construction of a temporary sinking derrick, no inflammable material shall be used in any building or other construction;

(*v*) all electric transmission lines shall be armoured or encased in pipes;

(*vi*) all electric motors shall be flame-proof.

72. The bottom of every shaft shall be kept free from accumulation of oil or gas.

73. All oil pipes whether below or above the surface shall be inspected daily and constantly maintained in an oil-tight condition.

74. Oil collected or released in the process of mining or by leakage from any pipe line shall be continuously collected and removed to the surface in receptacles with oil-tight and gas-tight covers or by pumping through pipe lines.

75. Main oil reservoirs shall be situated not less than 150 feet from any working shaft and not less than 30 feet from any travelling road or airway, and shall be shut off so as to prevent danger from fire.

76. Reasonable provision shall be made to prevent an outbreak of fire in the mine or the spread of fire. Fire extinguishers shall be provided and placed at important points in the mine. Fire extinguishers shall be tested and examined at intervals not exceeding one month. When in the opinion of an Inspector the provisions made for the above purpose are inadequate, he may require such additional provision as he shall specify to be made.

77. The owner shall maintain such specially trained safety staff and equipment as may from time to time be prescribed by the Chief Inspector.

78. Plans and specifications showing the lay-out and dimensions of all permanent oil and gas pipe lines and plant shall be submitted to the Chief Inspector, and the work of construction shall not be commenced until his sanction has been obtained.

CHAPTER VIII.

MISCELLANEOUS.

79. (*1*) Every entrance to a mine from the surface, and the top and all entrances between the top and the bottom, including the sump (if any), of every working, ventilating, or pumping shaft, and the top of every open excavation, shall be kept properly fenced:

Provided that any fence may be temporarily removed for the purpose of repairs or other operations, if proper precautions are used.

(*2*) Shafts temporarily or permanently out of use and any place in or about an excavation which is dangerous shall be kept properly fenced.

80. (*1*) Every flywheel and all exposed and dangerous parts of the machinery used in and about a mine shall be kept securely fenced.

(*2*) Efficient guards shall be provided for such parts of any machinery and any electrical conductors as may be a source of danger.

81. Where it is necessary to prevent danger to the public every tank or reservoir shall be securely fenced.

82. If any person, when in charge of any machinery, apparatus or appliance used in or about a mine, observes any defect or dangerous flaw therein, he shall immediately report the fact to the manager, engine-wright or other responsible official.

83. Every person shall strictly comply with all lawful orders issued by the manager or such other official as may be empowered by the manager to issue the same.

84. No person occupying any position of trust in or about a mine shall depute another person to do his work without the sanction of the official to whom he is subordinate; and no such person shall absent himself without having previously obtained permission from such official for the term of his absence or without having been relieved by a competent person.

85. No person shall negligently or wilfully do anything likely to endanger life or limb in the mine, or negligently or wilfully omit to do anything necessary for the safety of the mine or the persons employed therein.

86. No person shall damage, destroy or improperly interfere with anything provided for or used in the working of the mine.

87. No person shall remove or pass through any fence, or remove or pass any danger-signal unless so specially authorised by the manager or an official empowered by the manager in that behalf.

88. No person shall sleep underground.

89. If any person required by these regulations or by any rule or bye-law made under the Act to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb mark to it. The person writing the report shall also sign his name at the end together with a statement that it has been read over to the person for whom it was written.

90. The Chief Inspector may, at his discretion, and under such conditions as he may think fit, grant exemption from any of the foregoing regulations.

Where by reason of absence or for any other reason he is unable to perform the duties required of him by the Act, regulations, rules and bye-laws, the owner, agent or manager shall authorise in writing a person, whom he considers competent, to act as manager of the mine.

15. The manager of the mine shall appoint in writing such number of competent persons as will be sufficient to secure a thorough supervision of all the operations in the mine and the enforcement of the requirements of the Act and of the regulations, rules and bye-laws made thereunder. He shall assign to every such person his particular duties, shall on his appointment make over to him a copy of the regulations, rules and bye-laws which affect him and shall take all possible steps to ensure that every such person understands, carries out and enforces the provisions therein contained. Copies of all appointments made by the manager shall be kept in the office at the mine.

18. At every shaft or incline where persons or materials are lowered or raised by means of machinery the following provisions shall have effect, namely:—

(*a*) A single linked chain shall not be used for lowering or raising persons in any working shaft or plane, except for the short coupling chain attached to a cage, skip, wagon or bucket.

(*b*) There shall be attached to every machine worked by mechanical power, and used for raising and lowering persons, one or more brakes of sufficient power by themselves to hold the

cage, skip, wagon or bucket, when loaded, at any point in the shaft, and a proper indicator (in addition to any mark on the rope) showing to the person who works the machine the position of the cage, skip, wagon or bucket in the shaft; and if the drum is not on the crank shaft, there shall be an adequate brake on the drum shaft:

Provided that in the case of a shaft or winze not exceeding 100 feet in depth or a shaft or winze in course of sinking so much of this clause as requires an indicator shall not apply.

(*c*) Every apparatus on or in which persons ride in a working shaft shall be provided with a sufficient cover overhead, except—

(*i*) in that portion of a shaft which is being extended by sinking, or

(*ii*) where persons are employed at work in a shaft.

(*d*) Every working shaft used for the purpose of drawing minerals or for lowering or raising persons shall, if exceeding 150 feet in depth, be provided with proper means of communicating distinct and definite signals from the bottom of the shaft, and from every entrance for the time being in use between the surface and the bottom of the shaft, to the surface, and from the surface to the bottom of the shaft, and to every entrance for the time being in use between the surface and the bottom of the shaft. There shall also be proper means of transmitting distinct and definite signals from the top of every winding shaft to the winding engine. All signals shall be transmitted by mechanical or electrical means:

Provided that if electrical means are used electrical apparatus shall be of a type approved by the Chief Inspector.

One rap or bell	...	RAISE when engine at rest.
One rap or bell	...	STOP when engine in motion.
Two raps or bells	...	LOWER.
Three raps or bells	...	MEN ready to ascend or descend.
Three raps or bells	...	IN REPLY. Men may enter the cage or other conveyance.

Provided that an alternative code may be used where the written permission of the Chief Inspector has been obtained.

(*ii*) Any other signals shall be in addition to, and shall not interfere with the foregoing.

(*iii*) A printed copy of the code of shaft signals shall be posted at the shaft top and at every inset, and also at the winding engine.

(*f*) Every working shaft used for lowering or raising persons by machinery, other than machinery operated by hand labour, shall, if it exceeds 150 feet in depth, be provided with guides to within not less than 150 feet from the bottom of the shaft.

(*g*) Adequate stationary lights shall be provided and used during working hours:—

(*1*) at all places where persons have to work underground in the immediate vicinity of shafts;

(*2*) after dark at the tops of all working shafts and at all winding engines used for raising and lowering persons.

(*h*) There shall be on the drum of every machine used for lowering or raising persons such flanges, horns or other appliances as may be sufficient to prevent the rope from slipping. The rope shall be securely fastened to the drum, and there shall be at least two turns of the rope on the drum when the cage, skip, bucket or box is at the bottom of the shaft.

(*i*) Every cage shall be provided with catches or some other suitable contrivance to prevent tubs from falling out, and shall, if used for lowering or raising persons, be covered in completely at the top and closed in at the two sides in a manner sufficient to prevent persons or things from projecting beyond the sides, and shall be provided with suitable gates or other rigid fences and with a rigid hand bar fixed in a position where it can be easily reached by all persons in the cage.

(*j*) The manager, or a competent person or persons appointed by the manager for the purpose shall, once at least in every 24 hours, examine the state of the external parts of the machinery and of the head-gear, ropes, chains, cages, guides, and conductors in the shafts and other similar appliances of the mine which are in actual use, both underground and above ground, and shall without delay write or cause to be written a full and accurate report of the result of such examination. Every such report shall be recorded in a paged book to be kept at the mine for the purpose, and shall be signed and dated by the person who made the examination.

19. Not more than such number of persons as may be authorised by the manager shall be allowed to ride in the same cage, tub, skip or bucket at one time, and a notice specifying the authorised number shall be posted at the top of every shaft and at every inset in a shaft.

20. No person shall ride in a shaft on, or against, a loaded cage, skip, bucket or box.

26. When tools, wood, etc., with ends projecting over the top of the cage, skip or bucket are being lowered or hoisted, the projecting ends shall be securely fastened to the rope or bow.

27. When the winding apparatus is not provided with some automatic contrivance to prevent overwinding, a point shall be fixed and marked on the indicator in such a way as to show when the cage or other conveyance is within a distance of twice the circumference of the drum from the completion of the wind; and when such cage or conveyance has reached such distance it shall not, if either it or the descending cage contains persons, be raised for the remaining distance at a speed exceeding three miles per hour.

28. In shafts exceeding 300 feet in depth, where persons are raised or lowered by machinery, suitable devices shall be fitted if, in the opinion of the Chief Inspector, such are required to provide against the overwinding of cages, skips or other conveyances or to safeguard persons liable to be injured in the case of an overwind.

29. At the top of every incline on which the haulage, not being endless rope or endless chain haulage, is worked by mechanical power or gravity there shall be stop-blocks or other similar contrivances to prevent wagons from running away. Additional stop-blocks or runaway switches, or some other appliance for arresting or diverting the descent of wagons in the event of a runaway, shall be fixed below the first stop-blocks at a greater distance than the length of a train of wagons. There shall also be provided and attached behind the ascending wagon or train of wagons a backstay, drag, or other suitable contrivance for preventing the wagon or wagons from running back.

30. Where wagons are moved by hand no person shall permit a wagon to run uncontrolled, and, if sprags are necessary, a sufficient number shall be provided by the manager.

31. No person shall ride upon any tub, truck or wagon either underground or above ground without the permission of the manager.

CHAPTER V.

MINE WORKINGS.

32. No operations shall, without the consent in writing of the Local Government, be carried out within a distance of 100 feet of the boundary of the mining property worked in accordance with these regulations, and if any doubt arises as to the position of the said boundary, the Local Government may prohibit the person working the mine from carrying on operations within a specified portion of the area held by him until such doubt has been removed by the decision of a competent authority.

33. The permanent supports used within 200 feet of any shaft shall be entirely composed of non-inflammable materials.

34. Where any part of the mine is so situated that there is any danger whatever of an irruption of water into the mine, adequate protection against such an irruption shall be provided and maintained.

35. The sides and roofs of all shafts, galleries, roads and working places shall be made and kept secure.

36. No winze or other working shall be made below the level of the floor of the lowest gallery in the mine until such precautions for the prevention of the collection of gas and the safety of the workers employed therein as the Inspector may prescribe have been taken.

37. (*1*) A competent person or persons, appointed for the purpose by the manager, shall within such time, not exceeding two hours before the commencement of work in a shift, inspect every part of the mine and shall ascertain the condition thereof so far as the presence of gas, ventilation, roof and sides and general safety are concerned. The result of every such inspection shall be recorded in a book kept at the mine for the purpose.

(*2*) A like inspection shall be made at least twice in the course of each shift, and at least once in every five hours during which the shift continues, of all parts of the mine, but it shall not be necessary to record the result of such inspections in a book unless the last inspection in a shift is the inspection required to be made under sub-regulation (*1*).

38. Every report shall be made by the person inspecting, either when underground or immediately on his return to the surface, and shall be a full and accurate report of the inspection, specifying whether or not, and where, if anywhere, noxious or inflammable gas was found, and whether or not any and, if any, what defects in roof or sides and other sources of danger were observed. The report shall be signed by the person who made the inspection and shall state the date and time of the inspection and the date and time when the report was written.

39. No workman shall enter or be permitted to enter the mine until every part of the mine has been examined in the manner prescribed in Regulation 37 (*1*).

40. Every place where work is carried on or where men are stationed or pass shall be placed under the charge of a competent person appointed by the manager or underground manager.

41. If any part of a mine is found to be unsafe, all persons except those engaged in saving life or in removing the danger shall be withdrawn immediately from the dangerous area, and all approaches to the area shall be securely fenced so as to prevent unauthorised persons entering it until the danger has been removed.

42. No person shall work in any place other than a place in which he has been ordered to work by an official of the mine or by any person in whose charge he has been placed by an official of the mine.

CHAPTER VI.

EXPLOSIVES.

43. (*1*) The owner, agent or manager shall not store or knowingly allow any other person to store, within the premises of the mine, any explosives otherwise than in accordance with the provisions of rules made under the Indian Explosives Act, 1884.

(*2*) No explosive shall be stored in the workings of the mine or taken into or kept in a dwelling house.

44. Except in the process of sinking the main shafts no explosives other than "Permitted Explosives" allowed to be used by an order under the Coal Mines Act, 1911, shall be used in or about the mine.

1 & 2 Geo. 5, ch. 50.

45. The manager shall appoint in writing a competent person or persons to be in charge of every magazine for the storage of explosives, and no person shall be in charge of a magazine without such written authority.

46. (*1*) Explosives shall be issued only to competent persons appointed in writing by the manager, and no unauthorised person shall have explosives in his possession.

(*2*) Explosives unused and left over at the end of a shift shall be returned to the magazine immediately after the end of the shift. Such returned explosives shall be re-issued before fresh stock is used.

47. The person in charge of a magazine shall keep a correct record of the numbers of cartridges of explosives and detonators issued from the magazine to each authorised person, and a similar record of explosives returned to the magazine.

48. No explosive shall be taken into a mine except in secure closed cases or canisters, containing not more than five pounds each, and no person shall have in use or keep for use, at one time in any one place, more than one such case or canister. The place in the mine at which any such case or canister is in use, or is kept for use, shall, unless solid ground directly intervenes, not be less than 30 feet from a place at which any other such case or canister is in use or kept for use.

49. Detonators shall be kept in a securely locked box separate from any other explosive and no detonator shall be inserted into the priming cartridge until immediately before it is to be used:

Provided that in the case of a wet working, priming cartridges may be prepared at the nearest convenient dry place adjacent to the working.

50. (*1*) Every charge shall be placed in a properly drilled and placed shot-hole and shall have sufficient stemming. A sufficient supply of clay or other suitable stemming material shall be provided at places convenient to the shot firers.

(*2*) No shots shall be stemmed or fired save by, or under the personal direction of a competent person appointed by the manager, by an order in writing, for the purpose.

(*3*) In the process of charging or stemming for blasting, no person shall use or have in his possession any iron or steel pricker, scraper tamping rod, or stemmer, and only clay or other non-inflammable substance shall be used for tamping or stemming.

(*4*) No explosive shall be forcibly pressed into a hole of insufficient size.

(*5*) When a hole has been charged, the explosive shall not be unrammed.

51. (*1*) The shot firer shall not fire a shot or allow a shot to be fired until he has examined both the place itself, where the shot is to be fired, and all contiguous accessible places within a radius of 60 feet, and has found such place safe for firing.

(*2*) The person appointed to fire a shot, when about to fire it, shall give sufficient warning to all persons likely to be endangered by the same.

52. When a working face is separated by less than 10 feet from another face, no shot shall be fired until the person authorised to fire the shot has ascertained that all persons have been withdrawn from all accessible places which are adjacent to the other face. This precaution shall be taken in the case of every shot or round of shots to be fired.

53. After a shot has been fired the person who fired the shot or a competent person appointed in writing by the manager of the mine shall, before any other person enters the place, make a careful examination and with his assistants make the place safe. No other person shall enter the place until the examination has been made and the place has been declared to be safe in all respects.

54. When a shot has misfired—

(*a*) the entrance to the firing place shall be fenced, and no person shall go beyond the fence until the expiration of one hour from the time of firing; but when the shot has been fired by means of an electric apparatus, this interval may be reduced to such time, not being less than ten minutes after the cable has been disconnected from the firing battery, as the manager of the mine may in each case direct;

(*b*) the official or other competent person in charge of the explosive at the time of the misfire shall report the failure to the manager or under-manager, who shall record the fact in a book to be kept for the purpose; and such official or other competent person shall give information of the failure to such person as may relieve or take over charge from him.

55. No hole shall be bored at a distance of less than 12 inches from any hole where a charge has misfired.

56. When a misfired charge of explosive has been blasted out, a careful search for cartridges and detonators, if any, shall be made amongst the debris, and, if not located underground, the tubs into which the debris is loaded shall be marked and a further search made on the surface.

CHAPTER VII.

VENTILATION AND LIGHTING.

57. An adequate amount of ventilation shall be constantly produced in the mine to dilute and render harmless inflammable and noxious gases to such an extent that the working places of the shafts, levels and workings of the mine, and the travelling roads to and from these working places, shall be in a safe state for persons working or passing therein. If the percentage of inflammable gas in the main return airway exceeds 0·6 per cent. the mine shall be deemed to be unsafe and the steps prescribed by Regulation 41 shall be taken.

58. Means shall be provided on the surface for reversing the ventilation if and when required.

59. At least once in every week the quantity of air in the main air currents and splits shall be measured, and at least once in twenty-four hours a sample of the air in the main return airways shall be taken and analysed, and records of the same shall be maintained in a book to be kept at the mine.

60. Electric lamps connected to a lighting or power circuit shall only be used underground in the main intake airways and shall not be used within 300 feet of any well-chamber. If it is the intention to reverse the direction of the air current the supply of electric current to such lamps shall first be cut off, and the same shall be done in the event of a failure of the air current:

Provided that the Chief Inspector may, by order in writing, and subject to such conditions as he may impose permit the use of self-contained lighting apparatus in which electric lamps are supplied from a generator operated by compressed air. All such apparatus shall be of a type approved by the Chief Inspector.

61. Except as provided for in Regulation 60 no lamp other than an electric lamp of a type approved by the Chief Inspector for use in oil mines shall be used in the mine.

62. (*1*) All safety lamps shall be kept in a lamp-room and shall be in charge of a lamp-man authorised in writing for the purpose by the manager.

(*2*) All safety lamps in ordinary use shall be numbered and such record shall be kept of the persons to whom the lamps are issued that the user of any particular lamp can at any time be identified from the record.

(*3*) The lamp-man shall examine and lock securely all safety lamps before they are taken into the workings for use, and such lamps shall not be used until they have been so examined and found to be in safe working order and securely locked.

63. The banksman or other competent person appointed by the manager for the purpose shall examine every safety lamp at the surface immediately before it is taken underground for use and shall assure himself as far as practicable from external observation that each lamp is in safe working order and securely locked.

64. (*1*) No safety lamp shall be unlocked underground, and unlocking on the surface shall only be done at the lamp-room.

(*2*) No person other than a person authorised by the manager to examine and lock safety lamps shall take or give out for use any safety lamps, or unlock or open or attempt to unlock or open any safety lamp.

65. (*1*) No person shall have in his possession when underground any unlocked safety lamp, naked light, match, smoking apparatus, or any apparatus of any kind for striking a light, and if it appears to any person that any safety lamp in his possession is defective or insecure he shall at once remove it from the mine and return it to the person authorised to issue safety lamps.

(*2*) With the object of preventing any substance such as matches or smoking appliances being taken into the mine the manager shall arrange for the systematic search of every person immediately before such person enters the mine; and no person shall enter or be permitted to enter the mine until such search has been made. The method of search shall be one which has been approved by the Chief Inspector.

66. No person shall wilfully damage, or improperly use, or by improper means extinguish, any safety lamp.

67. In any underground part of the mine where adequate stationary lights are not in use, every person shall carry a light.

CHAPTER VIII.

PRECAUTIONS TO PREVENT FIRE AND EXPLOSIONS.

68. Electricity for power purposes shall not be used underground except with the consent of the Chief Inspector, and under such conditions as he may approve.

69. Air from air compressing plant, shall be cleaned and freed from oil fumes before being used underground.

70. An area on the surface round the top of each shaft shall be securely fenced so as to prevent the ingress of any persons except through gates. This area shall be known as the danger area, and notices to this effect shall be prominently displayed.

71. No person shall enter the danger area without the permission of the manager.

72. Within the danger area—

(*i*) no person shall have in his possession any match, smoking apparatus or means for striking a light;

(*ii*) no person shall light or cause or permit to be lighted or used any fire or naked light;

(*iii*) no inflammable material shall be stored;

(*iv*) except for the materials used in the construction of a temporary sinking derrick, no inflammable material shall be used in any building or other construction;

(*v*) all electric transmission lines shall be armoured or encased in pipes;

(*vi*) all electric motors shall be flame-proof.

73. All oil pipes whether below or above the surface shall be inspected daily and constantly maintained in an oil-tight condition.

74. Oil collected or released in the process of mining or by leakage from any pipe line shall be continuously collected and removed to the surface in receptacles with oil-tight and gas-tight covers or by pumping through pipe lines.

75. Reasonable provision shall be made to prevent an outbreak of fire in the mine or the spread of fire. Fire extinguishers shall be provided and placed at important points in the mine. Fire extinguishers shall be tested and examined at intervals not exceeding one month. When in the opinion of an Inspector the provisions made for the above purpose are inadequate, he may require such additional provisions as he shall specify to be made.

76. In respect of each well and each group of wells (well panel) the owner, agent or manager shall submit to the Chief Inspector a plan and specification showing the arrangements made for safe working, and no drilling shall be undertaken until the approval of the Chief Inspector has been obtained.

77. Well chambers shall be of such dimensions and constructed of such material as the Chief Inspector shall approve, and drilling shall not be commenced until the owner, agent or manager has submitted to the Chief Inspector a certificate to the effect that the chamber has been constructed in the specified manner.

78. Plans and specifications showing the lay-out, and dimensions of all permanent oil and gas pipe lines and plant shall be submitted to the Chief Inspector, and the work of construction shall not be commenced until his sanction has been obtained.

79. The owner shall maintain such specially trained safety staff and equipment as may from time to time be prescribed by the Chief Inspector.

80. No drilling shall be carried on during such time as any well is out of control.

CHAPTER IX.

MISCELLANEOUS.

81. (*1*) Every entrance to a mine from the surface, and the top and all entrances between the top and the bottom, including the sump (if any), of every working, ventilating, or pumping shaft, and the top of every open excavation shall be kept properly fenced:

Provided that any fence may be temporarily removed for the purpose of repairs or other operations, if proper precautions are used.

(*2*) Shafts temporarily or permanently out of use and any place in or about an excavation which is dangerous shall be kept properly fenced.

82. Every flywheel and all exposed and dangerous parts of the machinery used in and about the mine shall be kept securely fenced.

83. Efficient guards shall be provided for such parts of any machinery and any electrical conductors as may be a source of danger.

84. Where it is necessary to prevent danger to the public every tank or reservoir shall be securely fenced.

85. If any person, when in charge of any machinery, apparatus or appliance used in or about the mine, observes any defect or dangerous flaw therein, he shall immediately report the fact to the manager, engine-wright or other responsible official.

86. Every person shall strictly comply with all lawful orders issued by the manager or such other official as may be empowered by the manager to issue the same.

87. No person occupying any position of trust in or about the mine shall depute another person to do his work without the sanction of the official to whom he is subordinate; and no such person shall absent himself without having previously obtained permission from such official for the term of his absence or without having been relieved by a competent person.

88. No person shall negligently or wilfully do anything likely to endanger life or limb in the mine, or negligently or wilfully omit to do anything necessary for the safety of the mine or the persons employed therein.

89. No person shall damage, destroy or improperly interfere with anything provided for or used in the working of the mine.

90. No person shall remove or pass through any fence, or remove or pass any danger-signal unless so specially authorised by the manager or an official empowered by the manager in that behalf.

91. No person shall sleep underground.

92. If any person required by these regulations or by any rule or bye-law made under the Act to make any report is unable to write, he shall be present when his report is written for him, and shall have it read over to him, and shall attach his thumb mark to it. The person writing the report shall also sign his name at the end together with a statement that it has been read over to the person for whom it was written.

93. The Chief Inspector may, at his discretion, and under such conditions as he may think fit, grant exemption from any of the foregoing regulations.

94. In respect of all matters not expressly provided for in these regulations the working of the mine shall be subject to the control vested in the Chief Inspector.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Amendment of section 24 of Bengal Act III of 1890.

2. For sub-section (*1*) of section 24 of the Calcutta Port Act, 1890 (hereinafter referred to as the said Act), the following sub-section shall be substituted, namely :—

"(*1*) The Commissioners shall in respect of each loan contracted by them by way of debenture under sections 19 and 22 pay into a sinking fund half-yearly out of their income before making any other disbursements such amounts as will suffice to liquidate the nominal amount of each such loan within such period as the Governor General in Council may in each case direct, provided that such period may exceed the term of the debenture loan but shall in no case exceed sixty years."

Amendment of section 24-A.

3. Section 24-A of the said Act shall be renumbered as sub-section (*1*) of section 24-A and after the said sub-section (*1*) the following sub-sections shall be added, namely:—

"(*2*) If the cash and the current value of the securities at the credit of the sinking fund are in excess of the amount which should be at its credit the Accountant-General shall certify the amount of this excess, and the Commissioners in meeting may, with the previous sanction of the Governor General in Council—

(*a*) withdraw the whole or any part of the certified excess, in which case the trustees in whose names the sinking fund is invested under sub-section (*3*) of section 24 shall forthwith transfer securities of the requisite current value, or cash and securities of the requisite current value, to the Commissioners ; or

(*b*) reduce or discontinue the half-yearly contributions to the sinking fund prescribed by sub-section (*1*) of section 24 ; or

(*c*) adopt a combination of these measures.

(*3*) The withdrawal of the whole or any part of an amount which on the annual examination of the sinking fund by the Accountant-General was ascertained to be in excess of the amount which should have been at the credit of that fund and the transfer, for the purpose of such withdrawal, of cash and securities of the requisite current value to the Commissioners by the trustees in whose names the sinking fund was invested under sub-section (*3*) of section 24 made at any time before the commencement of the Calcutta Port (Amendment) Act, 1934, shall be and shall be deemed always to have been valid and lawful."

STATEMENT OF OBJECTS AND REASONS.

Under section 24A of the Calcutta Port Act, 1890, the sinking fund established for the liquidation of any loan taken by the Port Commissioners is subject to an annual examination by the Accountant-General, Bengal, who is required to ascertain whether the cash and the current value of the securities at the credit of the fund are actually equal to the amount which would have been accumulated had investments been regularly made and had the rate of interests as originally estimated been obtained thereon. This annual examination by the Accountant-General may disclose an excess or a deficit in the sinking fund. Section 24A makes specific provision for the payment by the Port Commissioners of any amount which the Accountant-General may certify to be deficient but it does not expressly provide for the withdrawal of any excess. Although the Calcutta Port Act does not contain any specific provision authorising the withdrawal of a certified excess in the sinking fund it has been assumed in the past that such withdrawals are not contrary to the provisions of the Act and for a period of more than 25 years such withdrawals had been made. Government have now been advised that the withdrawal of an excess in the sinking fund is contrary to the provisions of the Act. It is desirable that the withdrawal of a certified excess should be permissible and the Bill seeks to amend section 24A so as to place beyond doubt the legal position as regards the withdrawal of such an excess in the sinking fund. A clause has also been introduced validating the withdrawals made in the past.

An alternative method of adjusting an excess in the sinking fund is by a reduction in or the discontinuance of the half-yearly contributions to the sinking fund prescribed by section 24(*l*). It is considered desirable that the Port Commissioners should have the power, with the previous sanction of the Governor General in Council, not only to withdraw the whole or a portion of a certified excess but also to adjust an excess by a reduction in or discontinuance of the contributions to the sinking fund. The Bill seeks to amend section 24A so as to provide for this alternative method.

The words in section 24(*l*) of the Calcutta Port Act " within such period not exceeding 60 years from the date of the contracting of the same as the Governor General in Council may in each case direct " were substituted for the words " a period not exceeding 30 years from the date of the contracting of the same " by the Calcutta Port (Amendment) Act, 1907. The Statement of Objects and Reasons attached to the Bill which became the amending Act of 1907 stated that one of the objects of the proposed amendment of this section was to enable the Trust to raise loans of short term which may be converted into other short-term loans bearing a lower rate of interest. Government have now been advised that this intention was not carried out by the section as then amended and that section 24(*l*) as now worded requires the payments to the sinking fund being sufficient to liquidate the amount of the loan by the date on which the debenture-holders are due repayment. They have also been advised that under the section as it stands if a debenture loan is issued for a term of years with an option to the Commissioners to repay within that term the sinking fund must be sufficient to liquidate the loan within the shorter period. The Bill seeks to amend section 24(*l*) so as to make it clear that the period of the sinking fund need not coincide with the period of the loan.

Legislative Department.

NOTIFICATION.

No. 78L.—19th January, 1934.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

THE CATTLE-TRESPASS (BENGAL AMENDMENT) BILL, 1934.

A

BILL

further to amend the Cattle-trespass Act, 1871, in its application to Bengal.

WHEREAS it is expedient further to amend the Cattle-trespass Act, 1871, in its application to Bengal in the manner hereinafter appearing ; I of 1871.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Cattle-trespass (Bengal Amendment) Act, 1934.

Application of Act.

2. The Cattle-trespass Act, 1871, hereinafter referred to as the said Act, shall, in its application to Bengal, be amended in the manner hereinafter provided.

Insertion of new section 32.

3. After section 31 of the said Act, the following section shall be inserted, namely :—

Power for Magistrate of the District to appoint Presidents of Union Boards to discharge the functions of an officer under section 14.

" 32. (*1*) The Magistrate of the District may appoint, for the purposes of this Act, a President of a Union Board constituted under the Bengal Village Self-Government Act, 1919, to discharge the functions of an officer appointed under section 14, in respect of cattle impounded within the local area subject to the jurisdiction of that Union Board. Ben. Act V of 1919.

(*2*) A President so appointed shall not, directly or indirectly, purchase any cattle at a sale under this Act."

STATEMENT OF OBJECTS AND REASONS.

Many villages are a long way off from the police-station and it frequently happens that owners of impounded cattle do not hear in time of the notice of sale published. It is also often found inconvenient for remote pound-keepers to take impounded cattle to the police-station where they are generally sold at an unduly low price. It is desirable that such sales should be held when practicable at important trade centres in the presence of the President of the Union Board concerned after proper publication of notice. The Bill gives power to the Magistrate of the District to appoint Presidents of Union Boards to conduct such sales.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 16th January 1934.

First Forecast of the Wheat Crop of Bengal, 1933-34.

(*Note.*—On an average of the five years ending 1931-32, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1931-32, averaged (*a*) 39·5 and (*b*) 11·0 per cent., respectively.)

Explanatory.—Four forecasts of wheat crop are published. The present forecast deals only with the estimated area sown and the general condition of the crop in the early stages.

Acreage.—According to the estimates of District Officers, the total area sown amounts to 145,400 acres this year as against 142,100 and 142,900 acres, respectively, in the corresponding and final forecasts of last year.

Character of the season.—At the outset weather conditions were favourable for field operations and sowing generally commenced in the normal time. Subsequently dry weather in December was helpful to further sowings and growth of the crops. Present outlook is reported to be promising.

Director of Agriculture, Bengal (offg.).
